

## MONTENEGRINS SUFFER DEFEAT

Invaders Driving Montenegrins Before Them—Austrian Fleet Aids—British Halt Temporarily on the Tigris—German Offensive Fails.

By Associated Press.

London, January 11. — The Austrians are succeeding in making important inroads upon Montenegrin territory, despite desperate resistance. The Montenegrin War Office admits the evacuation of the important town of Berane.

On the western frontier of Montenegro, Austrian forces finally are winning successes against the defenders of Mount Lovcen, an important height near Cattaro.

The Montenegrin government concedes occupation of two positions by the Teutonic forces in this sector.

Fire from warships in the Bay of Cattaro, which the Austrians have been using as a base for naval raids, assisted in pushing the Montenegrins back.

The Italian liner Porto Said, sunk in the Mediterranean last month with the loss of six passengers and one sailor, was torpedoed by an Austrian submarine, according to a semi-official statement given out in Berlin.

The nationality of the undersea craft has been in doubt. The statement asserts that the steamer tried to ram the submarine.

There has been a halt in the progress of the force proceeding to the relief of Kut-el-Amara, but according to an announcement in London its pause at a point some 20 miles from that place was due to weather conditions and the necessity of removing the wounded in the recent fighting by boats on the Tigris river. Latest reports from the Champagne front reveal definitely the fact that the German offensive begun there Sunday has been fruitless, the French War Office declares.

## HAY HAS NEW PLAN

By Associated Press.

Washington, D. C., January 11. — Plans to strengthen the national guard, instead of establishing a continental army as contemplated by the war department were proposed to President Wilson today by Chairman Hay of the House Military Committee.

Mr. Hay said he thought his plan the better, but he would not reveal how his suggestion was received by the president.

He said, however, when he left the White House, that he desired to reach an agreement with the president.

## FOURTH MAN DIES TODAY

## TEDDY IS ON SPOT

By Associated Press.

Chicago, January 11. — When the progressive National Committee was called to order today, a telegram of greeting from Theodore Roosevelt, standard bearer of the party in the 1912 election, was read.

In the message, Colonel Roosevelt emphasized the need of preparedness, not alone in material ways but of the soul and spirit of the citizens of the nation.

The message was received with applause by the committeemen.

Every state in the union, with the exception of Arizona and Mississippi was represented at the meeting.

## IOWA TOWN IS HARD HIT

By Associated Press.

Ottumwa, Iowa, January 11. — Fire destroyed five stores in the heart of the business district here early today, causing half a million dollars' loss.

## AMERICANS ARE KILLED?

By Associated Press.

El Paso, Texas, January 11. — The American Smelting and Refining Company representatives here received a telegram from Chihuahua City, Mexico, today, stating that it was reported there that a trainload of employees, which left the capital yesterday for western Chihuahua, had been held up by Villa bandits and all the Americans killed.

## BOND FROM JITNEY MEN

By Associated Press.

Columbus, January 11. — A municipality may compel jitney bus owners to file a bond to cover possible liability in damage cases, the Supreme Court decided today.

The decision was given in the case of a jitney bus owner who attacked the ordinance of the village of Independence, Cuyahoga county, under which he had to file \$20,000 bond.

## QUIET REIGNS

Grand Jury Busy at Youngstown — 1,000 Strikers Back at Work — No Disorder About Steel Plants.

By Associated Press.

Youngstown, O., January 11. — The grand jury investigation into the strike at the plant of the Youngstown Sheet & Tube Company was resumed today with a score of witnesses waiting to testify.

Henry S. Ballard, of Columbus, assistant attorney general, sent here upon the request of Prosecuting Attorney A. H. Henderson of this county to aid in the prosecution of riot cases, arrived this morning and at once went into conference with the prosecutor.

The gates at the Republic Iron & Steel Company's plant, where 7,000 men have been on strike since December 27, reopened today and many returned to work. According to report, about 1,000 reported for duty.

Although small crowd congregated around the entrances, there were no indications of any pickets. No disorder was reported.

## DAYTON SUPT. PASSES AWAY

By Associated Press.

Dayton, O., January 11. — Edwin J. Brown, 44, for the last seven years superintendent of the public schools, died early today of Bright's disease.

He was regarded as one of the foremost educators of the state.

## OFFICERS ON TRIAL

By Associated Press.

Joplin, Mo., January 11. — Trial of several officers of the Menace Publishing Company, of Aurora, Mo., on charges of misusing the mails, was begun in Federal Court here today. Indictments were returned in January 1915.

Six of the counts of the indictments were based on items alleged to have been printed in the Menace.

The seventh concerned certain passages in a book entitled "The Pope, Chief of White Slavers; High Priest of Intrigue," of which the defendants are charged with being the distributors.

## NEW IDEA ADVANCED

By Associated Press.

Washington, January 11. — Information contained in some of the affidavits taken from the Persia survivors, has caused government experts there to consider the possibility that the ship might have been sunk by an internal explosion, rather than by a mine or a submarine.

## KEEP SALARY OR LOSE JOB

By Associated Press.

Columbus, O., January 11. — The promise in a political campaign to return part of the regular salary if elected, constitutes a violation of the corrupt practices act, the Supreme Court decided today.

The decision will prevent P. C. Prentiss, Republican, elected judge of the Henry County Common Pleas Court last fall, from taking office.

The decision confirms the verdict of the Court of Appeals.

## TROOPS TO REMAIN ON THE SCENE

By Associated Press.

Columbus O., January 11. — Fear of further violence by striking steel mill workers at Youngstown, led Assistant Adjutant General E. S. Bryant today to approve plans for retention of the Fifth and Eighth Regiments of the Ohio National Guard at East Youngstown until tomorrow.

Colonel Bryant, after a long distance telephone talk with Brigadier General John C. Speaks, in command of the troops at Youngstown, this afternoon, said he thought it inadvisable to consider withdrawing even part of the troops now on duty at the steel mills.

## JANE ADDAMS MAKES CLAIM TO CONGRESS

By Associated Press.

Washington, January 11. — Miss Jane Addams, of the Woman's Peace Party, told the House Foreign Affairs Committee today that all the warring nations of Europe would welcome any means that would end the war without sacrifice of prestige for them.

She personally had been so assured, she said, by high officials of most of the belligerents.

Miss Addams and other women of the party urged the committee to recommend the passage of any of several pending bills proposing an international peace tribunal.

## BOAT GIVES UP TWO MORE

By Associated Press.

Parkersburg, W. Va., January 11. Two more bodies were recovered this afternoon from the wreck of the Ohio river packet Kanawha, sunk in the Ohio river near here.

One body was identified as that of Lloyd Gee, of Gallipolis, O.

## SYRACUSE HOLDS 'OLD MAN NOCKER' FUNERAL

Mock impressive funeral services for "Old Man Nocker" marked the first annual Syracuse (N. Y.) prosperity frolic staged in the streets of that city. Old Man Nocker, the corpse, typified by a large hammer, was the object of the obsequies. Mounted on a pall, he was carried through slush covered streets lined with thousands of spectators. His bearers were bankers and business men wearing cowls. In front of the city hall a eulogy over the deceased "Deity of Depression, King of Critics and Prince of Pessimists" was pronounced by Dr. Gloom, the bent old man shown standing beside the hammer on the platform. General Prosperity attended the funeral to pay due disrespect to the deceased. After the final funeral ceremonies in Syracuse the "National Hammer" was entrained for San Francisco, to be interred in the Pacific ocean.

## War Activity Remarkable

News from the European war zone indicates an unexpected activity for the winter season. True the great bulk of the fighting reported has been occurring in the region of the Dardanelles and in Mesopotamia. Reports are conflicting as to the result of recent fighting. About the only definite news reported is that the British have abandoned, for the present at least, the offensive campaign to take the Dardanelles and are withdrawing from Gallipoli.

At variance with the general prophecy there has been but little cessation in the fighting in Europe on account of the coming of the winter weather. Even on the Russian front there is still a marked degree of activity and on the southern section of the long Russian frontier in the region of the Black Sea and on the Bulgarian border the troops of the Czar have been making tremendous attacks.

In France the clashes between allied and German forces have been occurring with a frequency and earnestness that is no different from the summer campaign.

So far there is no marked advantage. What little of gain resulting from the active fighting must be credited to the German forces in the Balkan and Mesopotamia regions.

The refusal to halt the fighting at the command of winter is indicative of a determination on both sides to force the war as rapidly as possible to a final conclusion. Desperation has apparently seized both armies and the waiting, starving out plan of campaign seems to have been discarded.

## The Charter Form for Cities

The charter form of government for municipalities is one of the reforms which have been suggested and tried out during the last five years. It has met with a success and a popularity which guarantees its permanence as a part of our governmental machinery.

There are still a great many cities, large and small, perhaps a great majority of them, staggering along under the weight of the old form which means a maximum of officials, cost and wastefulness and a minimum of economy and efficiency.

The charter form means just the opposite, it means relieving municipality and citizens of costly form and shadow, of politics and inefficiency, it means that the public business, which is no different from private business, shall be conducted in the same way that private business is conducted.

Every where the charter form has been honestly tried out the results are surprisingly satisfactory to the people.

When the reports from charter governed municipalities are studied it is remarkable that any city large or small will remain in the old rut.

## Humphrey Jones

With the death of Hon. Humphrey Jones Monday morning a remarkably active professional and business career was brought to an end.

Mr. Jones was endowed by nature with a wonderfully strong mentality and all through his life, by industry and self discipline and strict application to matters pertaining to his profession and his business, developed and directed his talents and energies to a degree which was the foundation of his successes.

As a professional man Mr. Jones occupied a place in the front rank, recognized as one of the ablest lawyers not only of this county but of the state. As a financier, his opinion was sought and respected, his advice followed by men of learning and experience in financial circles. As a farmer and stock raiser, he was recognized as an authority and called to distant parts of the United States to address gatherings composed of men who made of farming and stock raising their sole work in life.

The multiplicity of his interests, professional and business, the magnitude of his undertakings and accomplishments, the entire distinctness of each one of his activities renders his successes in each one seem almost phenomenal and gives one an idea of the versatility and energy of the man.

Withal Mr. Jones was not content to undertake and consummate large undertakings in fields of demonstrated certainty. He was in no sense narrow in his conservatism. He was progressive to the extreme warranted by sound judgment and reason.

He was one of the very strong men of the community contributed much by suggestion and activity to the advancement of his profession and business.

He was intensely active mentally and was constantly suggesting and trying out new plans and ideas and almost invariably met with success.

The legal profession, financial circles and the farmers lost a powerful assistant when death claimed Mr. Jones.

It was in keeping with that thoroughness and exactness which made his life such a success that arrangements were made by Mr. Jones long since which will prevent any halting of or inconvenience to the vast business enterprises of his own and of those with which he was affiliated.

## Poetry For Today

### THE RUIN.

By Lower Lake side stands the ruined tower  
That erst in proud defiance kept the fell;  
How safe the stronghold and how great its power  
The encircling water and broad buttress tell.

A fragrant thorn tree from the dungeon springs,  
And on the stair which rings to armored tread  
A gaudy flower spreads impurpled wings.  
While knotted ivies pop the walls o'erhead.

The battlements that fronted shadowing mountain,  
Fallen, give footing to the nimble sheep,  
And where, in olden days, there played a fountain,  
A trickling stream now leaves the crumbling keep.

How utter silent is the desolation  
Wrought by fierce hate and slow destroying time  
Upon the seeming mighty habitation  
Of great MacCaurea in his haughty prime!  
—Mary E. Gaffney in Boston Transcript.

### SHE HAD A HARD TIME.

Getting a Hubby Was Not So Easy For Chicago Woman.

Chicago.—A cry of "Stop thief!" prevented the escape of a bashful bridegroom here a few days ago. After two years' courtship Steven McBeth and Mrs. Marie Alphonso went to the city hall to get a marriage license. Then McBeth weakened. As he started toward the street at top speed Mrs. Alphonso screamed:

"Stop thief! He has got my pocket-book!"  
McBeth was captured by a patrolman and taken to central station, where the woman broke down. "He's not a thief," she confessed. "But I knew if he got away now he'd never get this close again." Later the couple got the license and started for the church.

## GERARD'S WIFE WINS PRAISE IN GERMANY

### Appreciation Shown For Her Efforts In Feeding Aliens.

Berlin.—Mrs. Gerard, wife of the American ambassador here, is appealing to her friends at home for funds to carry on the American relief kitchen of Berlin, which has daily fed some 200 women and children, the families of men who are aliens in Germany and therefore placed in concentration camps, following the action which Great Britain and France took in the internment of aliens in those countries.

The American Association of Commerce and Trade in Berlin gave the money to run the kitchen for six months when its doors were opened last year in the quaint little building in the Schlesische strasse, where Mrs. Gerard and her committee of American ladies found an unoccupied house in the factory district of the east side. Mrs. Gerard herself gave the coal supply for the winter, so that the place was kept open all afternoon, many of the women and children having no other place where they could keep warm. The money was spent so economically that \$1 furnished seven wholesome meals.

This winter the enterprise is without funds, and the doors of the American relief kitchen have not been opened to the crowds of hungry, poorly clad women with babies in their arms and clinging to their skirts who mournfully stand around and gaze through the windows.

Long purses and generous ones among the American colony have been taxed to the utmost by the charity needs arising from the war, and Mrs. Gerard has won appreciation not only in Berlin, but throughout Germany for her large contributions of money and the devotion of almost all of her time to the alleviation of distress. On Nov. 11 the German government sent her Red Cross decorations of the first and second class to commemorate her services in connection with the effort to help German prisoners of war in Russia.

### JAIL EMPTY 120 HOURS.

And Minnesota "Dry Town" Is on the Way to Goodness.

East Grand Forks, Minn.—The remarkable record of a tenantless jail here for 120 hours recently was broken when J. W. Lafferty, a transient, was arrested on a charge of passing a fraudulent check.

The city's police force has been cut in half as a result of the arrival of the dry regime.

The drought here also had affected Grand Forks, N. D., where there had not been an arrest for drunkenness for more than a week, and the mayor of that city also contemplates a considerable reduction in the police force.

### Smell and Taste.

The sense of smell is most nearly allied to that of taste. Hearing and seeing depend upon nerve responses to vibrations in the air and in the ether. In order to taste a substance it has to be wholly or partially dissolved; in order to smell a substance it must encounter the olfactory organs as a vapor, an emanation, a cloud of particles arising from odoriferous matter.

## ARMY AND NAVY TO LOSE NOTED MEN

Nineteen Officers Will Retire at Age Limit in 1916.

## FAMOUS ADMIRALS TO GO.

Bradley A. Fiske, Cameron McRae Winslow and T. B. Howard Head List—Eight Naval Captains Will Be Promoted—Wilson Will Select the Successors of Army Generals.

Washington.—Nineteen of the highest ranking officers of the army and navy will be retired from active service at the age limit fixed by law in 1916. Included in this number are one admiral, four rear admirals and four brigadier generals. The naval retirements include that of the commander in chief of the Pacific fleet, the president of the naval war college and a division commander of the Atlantic fleet, while among those who will cease to be active officers of the army are the chief of corps of engineers and the president of the army war college.

The first of the naval retirements in 1916 will be that of Rear Admiral

Macomb copyrighted by Cincinnati. The others are photos by the American Press Association.

REAR ADMIRALS FLETCHER AND WINSLOW, TOP; REAR ADMIRAL HOWARD AND BRIGADIER GENERAL MACOMB, CENTER; BRIGADIER GENERALS EVANS AND KINGMAN, BELOW; ALL ABOVE WILL RETIRE IN 1916 SAVE FLETCHER, WHO RETIRES IN 1917.

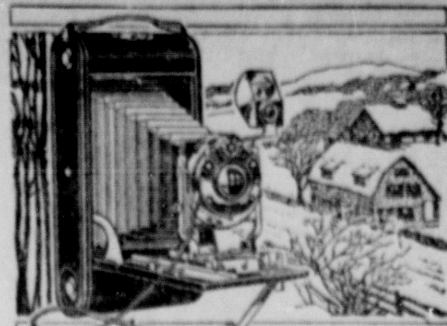

Bradley A. Fiske, with the possible exception of Admiral Frank F. Fletcher the best known officer of the American service. Until a few months ago Admiral Fiske was aid for operations in the navy department. He leaves on June 13.

The second officer to retire will be Rear Admiral Cameron McRae Winslow, the commander in chief of the Pacific fleet. Admiral Winslow is another distinguished officer of the navy. He leaves the service on July 29. Rear Admiral Thomas B. Howard, Admiral Winslow's predecessor as commander in chief of the Pacific fleet, retires on Aug. 10; Rear Admiral Clifford J. Boush, who commanded the second division of the Atlantic fleet at Vera Cruz, reaches the age limit on Aug. 13; Rear Admiral De Witt Coffman, commanding the Third division of the Atlantic fleet, on Nov. 28, while Rear Admiral Austin M. Knight, president of the Navy War college, at Newport, leaves the service on Dec. 16.

Eight naval captains will be promoted to flag rank as a result of the above retirements. These officers are H. McL. P. Huse, who was Admiral Fletcher's chief of staff at Vera Cruz; William R. Rush, who commanded the landing force during the fighting that marked the capture of the Mexican port; James H. Glennon, who commanded the flagship Wyoming at Vera Cruz; Chief Engineer Robert S. Griffin, Harry S. Knapp, George W. McElroy and William L. Rodgers.

The army general officers who retire in 1916 are Dan C. Kingman, the chief of the corps of engineers; John P. Wisser, now commanding the First brigade in Hawaii; Montgomery M. Macomb, president of the War College, and Robert K. Evans, now commanding the Second brigade on the Mexican frontier. All of these officers are brigadiers. Kingman will retire March 6, Wisser July 19, Macomb Oct. 12 and Evans Nov. 19.

President Wilson, under the law, will select the successors of Generals Kingman, Wisser, Macomb and Evans. The naval promotions are by seniority.

## CLOCKS TELL OF THEFT.

Stop When Culprit Breaks Circuit of Electrical System.

Seattle, Wash.—Many instruments recorded the exact moment of a theft at the University of Washington, but gave no definite information as to the place in which it was committed or the identity of the thief.

Officials determined that the theft had been committed in an unoccupied building on the campus. At 3:40 o'clock in the afternoon all the clocks in the university's electric system stopped. The master clock was found to be running, and search the next morning revealed that the circuit had been broken in the empty cottage, where the time-piece had been torn from the wall. The thief had also taken part of the telephone.

## SEASICKNESS FROM "MOVIES"

Recalls Trip Across Atlantic When Ships on Screen Rock.

Hutchinson, Kan.—John Steverson, farm hand at a local dairy, had to be taken to the hospital after a picture show he saw. The films were of the navy, with a number of views showing boats rolling in high seas and all that. It was so realistic that it reminded Steverson of his trip across the Atlantic and made him seasick. The doctors were puzzled for quite a time to diagnose his trouble.

# ANALYSIS OF THE AGES OF PERSONS WHO MARRY

Fayette Countians Marry at Average of 27 Years and Nine Months for Men, and 24 Years and Nine Months for Women However, Popular Age Is 22 Years, Although Many Marry at Fifty.

Probably the average person could not guess within five years of the average age at which Fayette countians marry.

The average age is approximately 27 years and 9 months for the men and 24 years and 9 months for the women.

However the average age is not the most popular age at which to wed, according to an examination of the marriage records and computation of the average ages of the last 42 couples obtaining licenses to wed.

The "popular" age is not even near the average age, but for both women and men the popular age is 22 years.

Of the forty-two last licenses issued up to Saturday afternoon, six of the women were older than the men, five couples were of the same number of years of age, and 31 males and 33 females married before they had attained the respective average age. Six of the males were 40 or more and six of the females were 40 or more.

Three of the females were 17, four were 18, six were 19, three were 20, three were 21, seven were 22, two were 23, two were 24; none were just 25, one was 26.

Of the males three were over 50; five were 19, one was 20, three were 21, eight were 22, four were 23, four were 24, two were 25, three were 26.

Eight males were under the age of 21 and nine females were 18 or under that age.

The "popular" age at which to marry was ascertained by adding together the persons of the various ages, it being found that more persons of the age of 22 get married than any other age.

## COMPANY M HOME FROM "SOMEWHERE IN BUCKEYE STATE"

Company M is home from "somewhere in Ohio," and not a man was lost in the campaign against rioting Austria, Italy and mayhap America.

Throughout their period of service Company M was quartered in the little village of Berlin Center, 23 miles from Youngstown. But, while they spent three days in Berlin, not one of the men saw the Kaiser. In fact few were outside of the coaches for more than a few minutes at a time, all being kept in readiness for immediate movement to reinforce the troops at the "front" should a big "drive" be launched.

The worst affliction experienced by any member of Company M was the inability of First Lieutenant Paul to obtain his pie, at the usual stated intervals. Major Allen and Captain Hardway are said to have become restless for lack of Associated Press service in keeping them posted upon current events in rioting circles.

Not a single member of the company or Fourth Regiment got so much as a peek at the smoking stacks of Youngstown.

Company M reached this city on a special train shortly after midnight Monday night, and disbanded at 2:30, after the guns had been cleaned and other equipment given attention.

## ANNUAL ELECTION OF OFFICERS HELD

At special meeting of the Fayette County Fish & Game Protective Association, Monday night, officers for the coming year were chosen and a committee named to prepare for the annual banquet on "ground hog night," February 2nd.

After the president, C. A. Cave, had been roundly roasted by some of the members, until he had become somewhat uncomfortable, and after number of nominations were made, the 35 members present voted unanimously to re-elect Mr. Cave president of the organization for another year, much to his surprise and appreciation.

Bert Ellis was elected vice-president, Howard Allen secretary, H. C. Ireland the treasurer. Some of the contests for office were interesting and afforded much amusement.

After the election the banquet committee was named as follows: Grant Coffman, chairman; Dr. T. W. McFadden, Ed Flite, Walter Craig, M. E. Hitchcock, Bert Ellis, Clate Parrett and Earl McLean.

Another meeting will be held next Monday night.

## PROMINENTLY IDENTIFIED SUFFRAGE MOVEMENT

Mrs. Josephine Kerr has been appointed chairman of the Seventh Congressional District of the Buckeye State Suffrage Organization.

The appointment is a deserved compliment to Mrs. Kerr's executive ability as well as to her influence and activity in the suffrage movement.

It involves large responsibility of a character which demands certain qualifications which this well versed club woman possesses.

There are nine counties in this district, Clinton, Warren, Greene, Clark, Champaign, Logan, Union, Madison and Fayette.

After the organization is completed Mrs. Kerr will have a full corps of officers in each county under her direction.

Mrs. Harriet Upton is State President and Mrs. Carrie Chapman Catt, National Suffrage President.

The state organization affiliates with the National organization with the International. There is no affiliation with the Congressional organization.

## OHIO'S GREATEST AUTOMOBILE SHOW

January 29 to February 5, Date of Columbus Dealers' Annual Auto Show.

The Annual Dealers' Columbus Automobile Show, will be held again this year, in Memorial Hall, for one week, January 29th to February 5.

The same progressive dealers, who were responsible for the eminently successful show given last winter, are again co-operating to give Central Ohio the biggest and best Automobile Show in the state.

The entire main floor of the large auditorium, will be occupied by motor car exhibits, six cars being shown in the big lobby, which last year was devoted to accessory displays. This year all of the parts and accessory exhibits will be together on the balcony floor.

The big hall will again be transformed into a beautiful garden, by a decorative plan, even more elaborate than in previous years, and will compare only with the big Na-

tional Shows in New York and Chicago.

New and novel features of entertainment, never before attempted at a Motor Show, have been arranged to enliven every hour of the entire Show week.

As the first week in February is recognized, in the itinerary of the big annual shows, as Columbus Week all of the special show equipment from the National shows will be on display, including several cut-open chassis, part-stand displays and complete cars, especially finished for show purposes.

The complete lines of the following makes of popular cars will be on exhibition the entire week.

Packard, Pierce-Arrow, Cadillac, Hudson, Chalmers, Ford, Overland, Franklin, Reo, Cole, Studebaker, Dodge, Dort, Abbott, Apperson, Crow, Davis, Detroit Electric, Haynes, Interstate, Jeffrey, King, Kissel, Kar, Willys-Knight, Madison, Milburn Electric, Monitor, Oakland, Paige, Velie, Patterson, Scripps, Booth, Pullman, Westcott, Waverly Electric, Chevrolet.

## APPOINTMENT HAS BEEN CONFIRMED

The appointment of Sherman A. Murry to the position of Postmaster of this city, was confirmed by the Senate late Monday afternoon, and within the next ten or twelve days Mr. Murry probably will be in charge of the local office, succeeding J. H. Culhan whose time expired December 20th, but who holds over until his successor qualifies.

## COMMISSIONERS WILL BE BUSY

That the County Commissioners will be very busy from now onward is attested by the fact that already citizens and boards of trustees throughout the county are planning to have a meeting with the Board of Commissioners, relative to the manner in which the two-mill levy is expended in the various township of the county.

Jefferson township citizens already have asked for the Commissioners to meet with them in discussing the proposal. The trustees of Perry township are the first trustees to ask for a meeting with the commissioners.

Demands upon the commissioners are expected to be frequent until the matter is threshed out and some definite plan agreed upon.

As the first installment of the two mill levy will be available by early spring, citizens and boards of trustees are becoming deeply interested in seeing that the money is used in a manner to do most good.

## BOARD MEETING

The official board of the Y. M. C. A. will hold a meeting tomorrow night.

**ELMWOOD AID SOCIETY.**  
The January meeting of the Elmwood Ladies' Aid has been postponed until Thursday, January 20th.

# CURTAIN FALLS ON SAM LUCAS

Noted Negro Comedian, Who Lived in This City, Dies at Age of 75 at Home in New York—Was on the Stage Half Century.

A dispatch from New York tells of the death of Sam Lucas, noted colored minstrel man who had a nation wide reputation as a fun maker and who lived in this city when a boy. He was 75 years of age.

SAM LUCAS.

This Picture of Lucas Was Taken at The Height of His Career.

For nearly half a century Lucas had been on the stage, and finished his career a short time ago in vaudeville. Lucas was known as one of the most original entertainers of the American stage. He was the author of "Grandfather's Clock" and other well known selections.

Lucas was one of the first members of the Elks' lodge, having been a charter member of Lodge No. 1.

Washington was the boyhood home of Lucas, and he lived here until the call to the stage drew him forth into the world. Since that time he has played to more audiences and more people than any other colored comedian in the world.

## In Social Circles

Mrs. L. P. Howell and Mrs. Rell G. Allen gave a beautiful dinner, Monday in honor of the birthday of their mother, Mrs. Margaret Mallow, of Columbus.

Seated with Mrs. Mallow were her daughter, Mrs. Carl Entekin, of Columbus and a dozen cousins, who had not enjoyed a reunion in years. They were Mrs. W. R. Marchant of Milledgeville, Mrs. R. J. Jefferson, Mrs. M. L. Dickey of Bloomingburg; Mrs. Ella Coffman, Mrs. Alice Parrett, Mrs. T. F. Parrett and daughter Miss Fannie, Mrs. A. M. Anderson, Mrs. Frank L. Parrett, Mrs. O. E. Tanquary, Mrs. Wm. Waddle.

The dinner hour was one of the most delightful possible, crowded with reminiscences and the renewing of the distinctive friendships of relatives.

An elaborate dinner was served and the table was extremely pretty with decorations of scarlet carnations and smilax.

More than the usual interest attached to the monthly meeting of

the Teacher's Council at the Presbyterian church Monday night, owing to the fact that Dr. Robert E. Pugh, Secretary of the State Board of Home Missions was a guest and gave a stirring talk suggesting special work to be taken up by the Sunday school.

A delicious hot supper was served at six o'clock by the committee, Miss Emma Jackson, chairman, Mesdames R. S. Quinn, W. R. Smith, Roy Brown, Miss Grace McHenry, Mr. Frank M. Fullerton, Hon. C. A. Reid and Dr. Fred Woollard.

The occasion was thoroughly pleasurable as well as important in the business taken up.

Mrs. George Sheets charmingly entertained the Tuesday Kensington club this afternoon. A tempting refectory interspersed the needlework. Several outside guests enjoyed the affair with the members.

The Court Street Bridge club was delightfully entertained by Mrs. D. H. C. Bowen this afternoon.

## TANLAC ROMANCE NOW FULLY TOLD

Its Launching and What Inspired It Is at Last Explained.

"Every few years someone suggests something that will tend to better our condition, whether it may pertain to our business, our knowledge, convenience, or health, or our social state," declared L. T. Cooper recently.

"It has been my pleasure to offer Tanlac to the world," he continued. "I presented Tanlac on its merits, knowing full well that it would prove satisfactory if properly tested."

"Confident as I was of the reception Tanlac would receive, I confess I was hardly prepared for the wonderful popularity into which it at

once sprang. When it is considered that just nine months to the day after Tanlac was announced, one million bottles had been sold, it can be understood that when the story of Tanlac is called a romance of the business world it is quite true."

"Tanlac appeals particularly to the best people everywhere—people who are able to judge carefully and to render a just opinion of its merits. Upon the thousands of endorsements of such men and women Tanlac's astonishing success has been based. Great as is the demand for Tanlac now, I really feel that the country, as a whole, is only just awakening to it."

"Tanlac, which is the joint product of Herr Joseph Von Trimbach, the noted German chemist and myself is, I believe, the most effective remedy known for ailments of the stomach, liver and kidneys and for catarrhal affections of the mucous membranes."

"It is compounded of roots, herbs, barks and flowers, many of which come from remote parts of the world and it is free from the mineral taint feared by many persons."

"I have no doubt that Tanlac will be as successful in your city as it has in every other in which it has been introduced."

Tanlac now may be obtained in Washington C. H., at the Drug Store of Blackmer & Tanquary, where it is fully explained. Advt.

# PROBES TROUBLE AT TUBE PLANT

State and Local Officials Busy at East Youngstown.

## GRAND JURY IN SESSION

Two Federal Investigations Also Started, Officials Having Arrived From the National Capital—Reports Circulated to the Effect That the Strike Involving 18,000 Men Has Been Settled.

Youngstown, O., Jan. 11.—Among the day's developments at East Youngstown were the opening of the grand jury investigation of the strike and riot, the resumption of work at the plant of the Youngstown Sheet and Tube company and the ordering home of the Fourth regiment of the Ohio national guard, which had been called out for strike duty.

Quiet prevailed in the vicinity of the tube works and employees who reported for duty were not molested, either when entering or leaving the plant. There were no pickets in evidence, and the belief was expressed

by county officials that the crisis in the situation had passed.

Many witnesses were examined by the grand jury, but, according to Prosecuting Attorney A. M. Henderson, no report will be made until the latter part of the week. There are more than a score of witnesses yet to be examined.

Thomas H. Flynn, general organizer of the American Federation of Labor, who returned here from Pittsburgh, issued a statement in which he charged that the rioting here last week was a financial scheme to depress the value of stock of the Youngstown Sheet and Tube company so that a merger of independent steel interests could be effected. He said he was convinced no foreign influences were involved.

Two federal investigations were started here. George A. West of Washington, representing the federal commission on industrial relations, arrived here to look over the situation, while postal inspectors are also investigating the robbing of and burning of the postoffice. Six men have already been arrested, it being alleged that stamped envelopes stolen on the night of the fire were found in their possession.

Persistent reports say that the strikes in the plants of the Youngstown Sheet and Tube company and the Republic Iron and Steel company in East Youngstown, Struthers and Lansingville, affecting 18,000, have been settled.

fore congress which, if passed, would have limited the presidency to a single term. In accordance with the pledge of the Baltimore platform, Mr. Wilson's letter prevented the passage of that resolution, and no attempt has been made since to revive it. The general tenor of that communication has been known ever since it was written to Mr. Palmer, but the full text is now made public for the first time.

## ITALY URGED TO GRAB MONTENEGRO

Rome, Jan. 11.—The Italian press is urging that the government assume the control and defense of Montenegro. Montenegro, they urge, is dynastically united with Italy through the Italian queen, who is the daughter of King Nicholas. In the second place, they point out that as Montenegro is now situated she is threatened by the Austrians with the loss of Mount Lovcen, which in Austrian hands, would make Cattaro impregnable and defeat of the Austrian navy on the Adriatic impossible. Austria is determined on the conquest of this strategic fortress, and they say, Montenegro is fighting them unaided—a task to which she is hardly equal.

## SETTLEMENT IS DAWNING

Washington, Jan. 11.—Formal settlement of the Lusitania controversy probably will be reached before the end of the present week. All that remains is for the Berlin foreign office to approve a tentative understanding just reached at a conference between Secretary of State Lansing and Count Von Bernstorff, the German ambassador. That this approval will be given and that the demand itself will be embodied in a formal note from Germany to the United States is confidently predicted in state department circles and in quarters close to the German embassy. The note, it is said, will take the form of a reply to the American note to Germany of July 21, 1915.

Although the disavowal said to have been agreed upon by the secretary and the ambassador is not in the form originally demanded by the United States, it is described as meeting entirely the wishes of President Wilson.

## GRIP IN CANADA

Montreal, Jan. 11.—The epidemic of grip, which had been reported in various parts of the United States, has reached here, a total of 500 cases being reported. Mayor Martin, Comptroller MacDonald, numerous minor officials and fifty clerks are now suffering from the malady and the conduct of the city's business has been considerably interfered with.

## BUCKEYES

Crossing Tragedy. Greenwich, O., Jan. 11.—Arthur France, forty-five, his wife, of the same age, and two children, Harold and Helen, twelve and ten, respectively, were instantly killed when a buggy in which they were driving across the Big Four railroad tracks, was struck by a passenger train.

## Aged Printer Passes Away.

Columbus, Jan. 11.—William F. Poland, eighty-two, for more than forty years a printer in Columbus, is dead in Colorado. Mr. Poland joined the Columbus Typographical union in 1859, and was a member of the Columbus local until fourteen years ago, when he retired to go to the union's home at Colorado Springs.

## Had Right to Build Dam.

Cleveland, Jan. 11.—The city of Akron had a right to build a dam, recently completed, across the Cuyahoga river, for a reservoir to supply the city with water, according to a ruling made in the United States district court here by Judge John H. Clarke. The court refused to enjoin the city as asked by John H. Sears of New York, trustee of \$150,000 bondholders of the Cuyahoga River Power company, who contended that the building of the dam would infringe upon the company's rights.

## Willis Orders Probe.

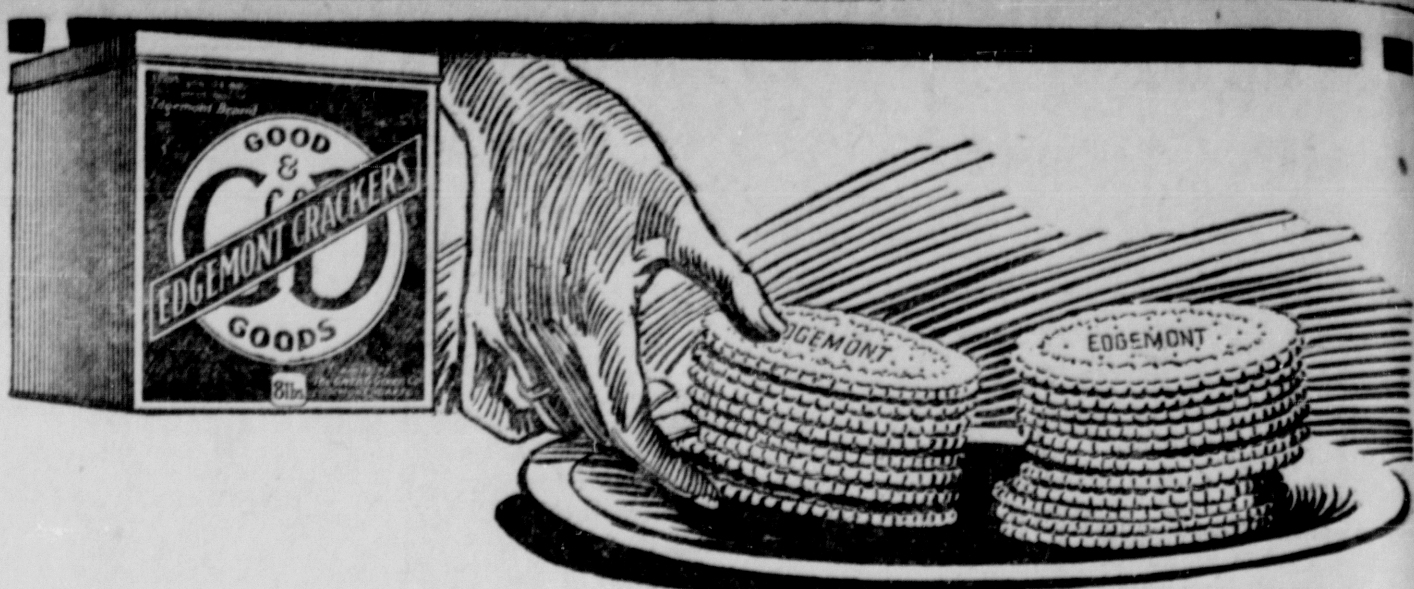

Columbus, Jan. 11.—Attorney General Turner sent his first assistant, E. S. Ballard, to Youngstown upon request from Governor Willis, that Prosecutor A. M. Henderson of Mahoning county be given assistance in the investigation of the causes of the strike riots. Governor Willis asked for a searching inquiry and the punishment of the responsible ones. Request for state assistance in the investigation had come to the governor from John A. Voll, president of the Ohio Federation of Labor, and County Prosecutor Henderson.

## INDIANS GOOD FARMERS.

Developed as Such More Last Year Than Ever Before.

Washington.—The development of agriculture and stock raising among the Indians has been greater in the last year than ever before, according to the annual report of Cato Sells, commissioner of Indian affairs. Love of home and domestic happiness are becoming at last a more marked trait of the Indian. A special effort is being made to better the condition of the Papago Indians, who are in southern Arizona. The children are to be taught the A B C's.

"The Papagos," says the commissioner, "are among the most deserving of any people I have ever known. Their home for more than 200 years has

## Edgemont Crackers have the taste you are hungry for

Your grocer gets Edgemont Crackers fresh from our ovens—and the double-enamelled box, fine as a cake box, green enamelled outside and pure white enamelled inside, keeps them fresh. Best of all, it keeps for you the good Edgemont Cracker taste. It takes the best bakers and the best bakery to bake crackers that have such a taste. Browned just a little, and just slightly salted to add zest to their full, rich flavor. Try just one—and you'll say that only the finest, most healthful crackers can have such a satisfying taste.

## EDGEMONT CRACKERS

100 in a pound—only 10 cents

Look for the green double-enamelled box. It is enamelled green on the outside to remind you of Green & Green. That guarantees quality. It is enamelled pure, spotless white on the inside to insure and guarantee purity. The white enamel inside is as impervious as glass. You couldn't ask a better package for such a wholesome food product.

Your grocer will supply you by the pound—100 to the pound—at 10c. But most housewives find it more satisfactory to have a constant supply by buying eight pounds at a time—then you get them in the green-double-enamelled box. For the box you make a deposit of only 50c, which the grocer will refund when the empty box is returned, or it may be exchanged for a new one.

## PRESIDENT WILSON AND A RENOMINATION

Letter Written In 1913 Defines His Attitude.

Washington, Jan. 11.—A letter has been made public in which President Wilson cites the rule by which he will be guided in deciding whether or not he shall run for president again. This is the way the president puts it: "I shall most cheerfully abide by the judgment of my party and the public as to whether I shall be a candidate for the presidency again in 1916. I absolutely pledge myself to resort to nothing but public opinion to decide that question."

The president's willingness to run again provided that the party and public want him is disclosed in a letter which he wrote to A. Mitchell Palmer of Pennsylvania a few weeks before the presidential inauguration in 1913. This letter also was written while the resolution was pending be-

YOU think of the Baltimore & Ohio System in terms of the past—as a great scenic and historical route—as America's first railway—should know it today. In past four years \$100,000,000 have been used to improve the roadbed to straighten curves, to add new tracks, to better the equipment. Millions have been spent for coaches and engines of the all-steel, electric lighted trains, with an excellent dining car service. All the attractions of Nature which made it "the scenic route of Eastern America" are still here for you—but we have made them \$100,000,000 better. PROGRESSIVES OPEN IMPORTANT SESSION

National Committee Meets In Chicago.

TO NAME CONVENTION DATE

George W. Perkins Acting Chairman of the Meeting, in Which Colonel Roosevelt's Secretary Plays a Conspicuous Part—Convention Likely to Be Held at Same Time Republicans Convene.

Chicago, Jan. 11.—With George W. Perkins as acting chairman, members of the Progressive national committee are in session here today to prepare the call for the Bull Moose national convention.

The arrival of J. W. McGrath, Colonel Roosevelt's private secretary, in company with Mr. Perkins, set all tongues wagging. Young McGrath

plunged into the preliminary conferences and represented Colonel Roosevelt at all of the "inner circle" gatherings. He would not discuss Mr. Roosevelt's political ambitions.

One of the most significant developments of the day was the open work of Mr. Perkins on behalf of June 7 as the date for the Moose convention. He encountered some opposition. One faction demands that the convention be held before either the Republican or Democratic conventions. But Mr. Perkins says the convention must be held the same time the Republicans convene, and that is why 800 hotel rooms have been tentatively engaged, as well as the Auditorium theater and the Orchestra hall. Mr. McGrath, the colonel's secretary, is working in harmony with Mr. Perkins.

Mr. Perkins was host at a banquet given the committeemen at the Blackstone hotel, and also was the chief "keynote." Mr. Perkins denied the allegation that the Progressive party had gone up the spout, along with the Greenbackers and the Populists. He then launched into a severe arraignment of the Democratic administration, and handed a few hot shots to the Republican leaders.

TELLS HOW 'T WAS DONE

ASQUITH REFERS TO BRITISH RETIREMENT

Withdrawal, Made Without Loss, Held Military Coup.

London, Jan. 11.—Premier Asquith, in announcing the withdrawal of the last British troops from the Dardanelles at Sedd-el-Bahr to the house of commons, referred to the operations, together with those by which the withdrawal at Anzac and Suvla bay were accomplished, as deserving of an imperishable place in English history.

"The house will learn with extreme gratification," the premier said, "of the retirement of the force at Cape Helles (at the tip of the Gallipoli peninsula) without the loss of a single life. Of eleven guns left behind, ten were worn out fifteen-pounders, which were rendered unfit for further service before they were abandoned. All stores of reserve ammunition which could not be removed were set afire before retirement."

The complete abandonment of the Dardanelles campaign has released more than 200,000 Turkish troops for use in the other theaters of war. These comprise the strongest corps of the Turkish army, already seasoned by a year of hard fighting on Gallipoli.

They will be thrown, it is believed here, either into the proposed Egyptian campaign or to Mesopotamia to drive out the British forces so precariously situated near Kut-et-Amara. With them will go the several thousand heavy guns and field pieces employed in the defense of Gallipoli. It is estimated that the peninsula can now be left with a garrison of 20,000 troops.

SEND WARSHIPS TO ISLAND OF SAMOS

Paris, Jan. 11.—The Greek cruiser Helli and the destroyer Leon, with a strong contingent of troops, have been sent to the island of Samos to deal with an insurrection there, due to lack of foodstuffs. It is generally believed that the feeling is such that martial law will soon be declared in Athens itself.

A dispatch from Toulon tells of the internment of the central powers consuls arrested at Salonica on board the French auxiliary cruiser Savoie, formerly in the New York-Havre service. This would indicate that the consuls had not been released, which was reported from various sources late last week. Further arrests, apt to lead to an increased feeling among the Greeks against the allied policy of internment any persons suspected of espionage in Grecian territory important to them, are also reported in Salonica among the Bulgarian priests there.

Persistent reports come through to Greece of the concentration of the Austro-German and Bulgar forces for an attack on Salonica, the former at Monastir and the latter near Givgell, for the move directly south.

FREIGHT KILLS THREE PERSONS AT SPRINGFIELD

Springfield, O., Jan. 11.—Three persons were killed and twenty others were injured when a New York Central freight train hit a city streetcar at the West Main street crossing. The dead and injured were employees of shops who were returning from work. The dead: Albert K. Brunk, motorman; John E. Reed, negro; John Mason, negro.

It was said that several others received fractures of the skull and would die. All ambulances in the city, the patrol wagon and private automobiles were used to convey the injured to the hospital.

The accident happened as the freight train from the east and one from the west were nearing the crossing. It was said the conductor did not see the one train and waived for his car to proceed. The streetcar was demolished and carried forty feet down the tracks. Two freight cars were derailed and blocked the street for some hours, while one body was pinioned under the car.

SUSPECT FOUL PLAY

St. Marys, O., Jan. 11.—After being buried a month the body of Louise Halter, twelve, was exhumed on authority of Sheriff Shockley and Coroner Seibert. Internal organs were removed and sent to the state board of health. It is alleged that both Louise and Blanche Halter died of poisoning and an examination of the internal organs of Louise will be made for evidence of poison.

OLD RESIDENT DEAD

Fremont, O., Jan. 11.—Nine children, thirty-nine grandchildren and forty-two great-grandchildren, six brothers and a sister and many other relatives survive Mrs. Mary Hochendel, Fremont's oldest resident, who died here.

Heifers Chase Rabbits.

Pennsburg, Pa.—If a new idea of a Sumnerstown farmer becomes a fact the rabbit dog may be pushed into the background. He has trained some of his heifers to scent and chase rabbits with as much success as dogs and, indeed, more cheaply.

UNIVERSAL SERVICE DISCUSSED

Washington, Jan. 11.—Universal military service in some form in the United States, possibly the requirement that all men between 18 and 21 be given at least six months' training, as a substitute for the volunteer system, was discussed before the house military committee by Major General Scott, chief of staff of the army. General Scott told the committee that the United States would need an army of nearly 2,000,000 men in event of war.

COX ROASTS WILLIS REGIME

Dayton, Jan. 11.—Former Governor Cox in an address before Democrats attending the Jackson day banquet here, sharply attacked the Willis administration, which he called a "wrecking crew." He declared that the Cox administration had been "cussed, but never laughed at," that it was a "tragedy to certain interests in the state, but a joke to none." He stated that under Governor Willis taxes had been increased 90 per cent; that as executive he (Cox) had carried a "big stick to keep down tax rates," and added: "If the interests of constructive progressive government should ever call me back to official station, I shall take that same efficient instrument along." This was the only reference made in the governor's toast which could be construed in relation to his possible candidacy for re-election next fall.

Mr. Cox charged that Governor Willis had the license decentralizer passed so that he could avoid responsibility.

Ex-Governor Cox was preceded in talks by Senator Albee Pomerene, Edward Dixon of Cincinnati, Mayor Karb of Columbus and Congressman Warren Gard.

THINGS DOING AT THE MOVIES

COLONIAL.

Julia Dean, a star who needs no introduction, may be seen at the Colonial Monday and Tuesday in the well known stage and screen success, "Matrimony." The play is of interest to all, from both an educational and artistic viewpoint.

"Sable Larcha," another late screen sensation, comes to the Colonial Thursday and Friday, starred by the great Thomas Jefferson, and Tully Marshall.

Wednesday—Comedy day.

All are Triangle releases.

WONDERLAND.

Program not announced.

PALACE.

Robert Mantel, celebrated actor who has charmed thousands of audiences in legitimate stage productions, is now enlisted in the grand army of photoplay artists and makes his initial appearance in Washington C. H. Tuesday in a V-L-S-E production, "The Unfaithful Wife."

This is a play suitable to Mantel's calibre and in which he is admirably supported by pretty Genevieve Hamper.

Friday, the Palace offers a pleasant surprise in "The God's Redeem" a Vitagraph masterpiece featuring Maurice Costello, Leah Baird, Vandye Brooke and Mary Maurice.

Wednesday brings Ormi Hawley and Kempton Green in "The Telegrapher's Peril."

Thursday, Jackie Saunders in "The Woman of The Sea." A three act feature.

SPLENDID SERVICE AT BAPTIST CHURCH

In spite of the disagreeable weather and a small audience Monday night, the preacher was in fine shape and delivered one of the most forceful sermons ever heard in this town. His text was, "Wherefore I Put you in Remembrance that Thou Stir up the Gift of God Which is in Thee."

As with clear cut sentences and apt illustrations the speaker set forth the possibilities of the people for effective Christian living, the audience was deeply stirred and given a new conception of Christian endeavor.

Dr. Cambren is proving himself to be a man of great mental and spiritual strength and those who fail to hear him are missing a rare opportunity.

The personal workers will meet in the church at 7:00 tonight.

BLASIAZ IS YOUNGEST AVIATOR IN AMERICA

Norwich (Conn.) Youth Expects to Be of Service to U. S.

Norwich, Conn.—Since the death of Cecil Peoli at Washington last spring Arthur F. Blasiaz, twenty-two, a resident of Guilford, nearby, is the youngest aviator in America holding a license under the International Federation of Aeronautics.

Mr. Blasiaz left recently for Canada and contemplates going to Russia, where he will demonstrate and instruct Russian army officers in the operation of the Sperry gyroscopic aeroplane stabilizer and target sighter.

When interviewed by a newspaper reporter Mr. Blasiaz said: "The Sperry stabilizer enables the pilot to fly without giving attention to lateral or longitudinal control. This relieves him from much stress and make it possible for him to give his attention to dropping bombs with the target sighter."

"He can drop each bomb with accuracy and effect. These are the only instruments of their kind and are American inventions. The machines on which they have been installed are the largest and most powerful made. They are propelled by two tractor screws turning in opposite directions and developing over 300 horsepower. They drive the machine at a minimum speed of forty-five miles per hour and a maximum of 105 miles. This makes it possible for them to go faster than the speedy scouting aeroplanes."

"The total load is 7,500 pounds, of which 2,000 pounds are bombs or explosives. There are two operators. The delicate parts are protected with armor, making it almost impossible to be shot down. It is possible for an enemy to launch one of these machines 400 miles at sea and fly over New York city, drop a ton of high explosives and return to its base of supply, causing great loss of life and property."

"The appearance of this great air destroyer is that of a huge beetle, as its two wings spread nearly 100 feet. The nacelle, or body, in which are the motors, fuel, munitions and operators, during flights takes on a hideous appearance in the air."

"My sole aim is that I may obtain actual experience in the art of modern aerial warfare. As a true American I feel it my duty that I may be of greater service to my country in a possible future war. The aeroplane is the eye of the nation."

Burned Tommy and All.

Appleton, Wis.—Desiring to see a tomcat burn, a seven-year-old boy living on the outskirts set fire to the animal, the aftermath being the destruction of a carpenter shop. The blazing fire of the feline communicated to shavings in the building, and the structure was converted into ashes within a few minutes.

Pinched Him Financially.

An esteemed citizen went into a shoe store in a metropolitan town and asked to see some leather goods. Another minute and an obliging salesman was hauling out some boxes.

"That is a nice looking shoe," remarked the customer as the salesman pushed his foot into a shiny right and started to lace it. "What is the price?"

"This pair is \$8," responded the salesman as he finished the lacing and ran his hands across the vamp.

"Does it pinch you any?"

"Well, I should say it does!" was the prompt rejoinder of the customer.

"Give me something about \$5 cheaper."

—Kansas City Star.

How the Roughhouse Started.

They were talking about various things at the club, when a member not especially noted for his cleanliness remarked, "Would you call a bath a luxury or a necessity?"

"In your case," replied the man addressed, "it would be both—a necessity because you need it so badly and a luxury because you take it so rarely."

KILLED 150 RATTLERS.

Thrashing Crew Kept Busy After One Was Found Near Wakeney, Kan.

Wakeney, Kan.—A thrashing crew working near this city killed 150 snakes in a few minutes near where they were working recently.

A large rattler was observed by one of the men lying in a low place at the mouth of a hole. He was pulled out and killed, and with him six more, and then others.

For more than a half hour the men worked hard killing snakes, and when there were no more in sight tails were counted and 150 had been killed. The largest one measured six feet four inches, and he had an even dozen rattles.

Household Helps.

Often it is difficult to run the rod through freshly laundered wash curtains. This can be made easier by placing an old glove finger over the end of the curtain rod.

Often a comparatively new hot water bottle will get a little hole in it. The hole can be mended by covering it with several applications of court plaster, allowing each application to dry before another is added.

A teaspoonful of common salt placed in the bottom of a kerosene lamp will make it give a clear light and prevent it from smoking.—Woman's Magazine.

## MONTENEGRINS SUFFER DEFEAT

Invaders Driving Montenegrins Before Them—Austrian Fleet Aids—British Halt Temporarily on the Tigris—German Offensive Fails.

By Associated Press.

London, January 11. — The Austrians are succeeding in making important inroads upon Montenegrin territory, despite desperate resistance. The Montenegrin War Office admits the evacuation of the important town of Berane.

On the western frontier of Montenegro, Austrian forces finally are winning successes against the defenders of Mount Lovcen, an important height near Cattaro.

The Montenegrin government concedes occupation of two positions by the Teutonic forces in this sector.

Fire from warships in the Bay of Cattaro, which the Austrians have been using as a base for naval raids, assisted in pushing the Montenegrins back.

The Italian liner Porto Said, sunk in the Mediterranean last month with the loss of six passengers and one sailor, was torpedoed by an Austrian submarine, according to a semi-official statement given out in Berlin.

The nationality of the undersea craft has been in doubt. The statement asserts that the steamer tried to ram the submarine.

There has been a halt in the progress of the force proceeding to the relief of Kut-el-Amara, but according to an announcement in London its pause at a point some 20 miles from that place was due to weather conditions and the necessity of removing the wounded in the recent fighting by boats on the Tigris river. Latest reports from the Champagne front reveal definitely the fact that the German offensive begun there Sunday has been fruitless, the French War Office declares.

## HAY HAS NEW PLAN

By Associated Press.

Washington, D. C., January 11. — Plans to strengthen the national guard, instead of establishing a continental army as contemplated by the war department were proposed to President Wilson today by Chairman Hay of the House Military Committee.

Mr. Hay said he thought his plan the better, but he would not reveal how his suggestion was received by the president.

He said, however, when he left the White House, that he desired to reach an agreement with the president.

## FOURTH MAN DIES TODAY

## TEDDY IS ON SPOT

By Associated Press.

Chicago, January 11. — When the progressive National Committee was called to order today, a telegram of greeting from Theodore Roosevelt, standard bearer of the party in the 1912 election, was read.

In the message, Colonel Roosevelt emphasized the need of preparedness, not alone in material ways but of the soul and spirit of the citizens of the nation.

The message was received with applause by the committeemen.

Every state in the union, with the exception of Arizona and Mississippi was represented at the meeting.

## AMERICANS ARE KILLED?

By Associated Press.

El Paso, Texas, January 11. — The American Smelting and Refining Company representatives here received a telegram from Chihuahua City, Mexico, today, stating that it was reported there that a trainload of employees, which left the capital yesterday for western Chihuahua, had been held up by Villa bandits and all the Americans killed.

## BOND FROM JITNEY MEN

By Associated Press.

Columbus, January 11. — A municipality may compel jitney bus owners to file a bond to cover possible liability in damage cases, the Supreme Court decided today.

The decision was given in the case of a jitney bus owner who attacked the ordinance of the village of Independence, Cuyahoga county, under which he had to file \$20,000 bond.

## QUIET REIGNS

Grand Jury Busy at Youngstown — 1,000 Strikers Back at Work — No Disorder About Steel Plants.

By Associated Press.

Youngstown, O., January 11. — The grand jury investigation into the strike at the plant of the Youngstown Sheet & Tube Company was resumed today with a score of witnesses waiting to testify.

Henry S. Ballard, of Columbus, assistant attorney general, sent here upon the request of Prosecuting Attorney A. H. Henderson of this county to aid in the prosecution of riot cases, arrived this morning and at once went into conference with the prosecutor.

The gates at the Republic Iron & Steel Company's plant, where 7,000 men have been on strike since December 27, reopened today and many returned to work. According to report, about 1,000 reported for duty.

Although small crowd congregated around the entrances, there were no indications of any pickets. No disorder was reported.

## DAYTON SUPT. PASSES AWAY

By Associated Press.

Dayton, O., January 11. — Edwin J. Brown, 44, for the last seven years superintendent of the public schools, died early today of Bright's disease.

He was regarded as one of the foremost educators of the state.

## OFFICERS ON TRIAL

By Associated Press.

Joplin, Mo., January 11. — Trial of several officers of the Menace Publishing Company, of Aurora, Mo., on charges of misusing the mails, was begun in Federal Court here today. Indictments were returned in January 1915.

Six of the counts of the indictments were based on items alleged to have been printed in the Menace.

The seventh concerned certain passages in a book entitled "The Pope, Chief of White Slavers; High Priest of Intrigue," of which the defendants are charged with being the distributors.

## NEW IDEA ADVANCED

By Associated Press.

Washington, January 11. — Information contained in some of the affidavits taken from the Persia survivors, has caused government experts there to consider the possibility that the ship might have been sunk by an internal explosion, rather than a mine or a submarine.

## KEEP SALARY OR LOSE JOB

By Associated Press.

Columbus, O., January 11. — The promise in a political campaign to return part of the regular salary if elected, constitutes a violation of the corrupt practices act, the Supreme Court decided today.

The decision will prevent P. C. Prentiss, Republican, elected judge of the Henry County Common Pleas Court last fall, from taking office. The decision confirms the verdict of the Court of Appeals.

## TROOPS TO REMAIN ON THE SCENE

By Associated Press.

Columbus O., January 11. — Fear of further violence by striking steel mill workers at Youngstown, led Assistant Adjutant General E. S. Bryant today to approve plans for retention of the Fifth and Eighth Regiments of the Ohio National Guard at East Youngstown until tomorrow.

Colonel Bryant, after a long distance telephone talk with Brigadier General John C. Speaks, in command of the troops at Youngstown, this afternoon, said he thought it inadvisable to consider withdrawing even part of the troops now on duty at the steel mills.

## JANE ADDAMS MAKES CLAIM TO CONGRESS

By Associated Press.

Washington, January 11. — Miss Jane Addams, of the Woman's Peace Party, told the House Foreign Affairs Committee today that all the warring nations of Europe would welcome any means that would end the war without sacrifice of prestige for them.

She personally had been so assured, she said, by high officials of most of the belligerents.

Miss Addams and other women of the party urged the committee to recommend the passage of any of several pending bills proposing an international peace tribunal.

## BOAT GIVES UP TWO MORE

By Associated Press.

Parkersburg, W. Va., January 11. Two more bodies were recovered this afternoon from the wreck of the Ohio river packet Kanawha, sunk in the Ohio river near here.

One body was identified as that of Lloyd Gee, of Gallipolis, O.

## SYRACUSE HOLDS "OLD MAN NOCKER" FUNERAL

Mock impressive funeral services for "Old Man Nocker," the corpse, typified by a large hammer, was the object of the obsequies. Mounted on a pail, he was carried through slush covered streets lined with thousands of spectators. His bearers were bankers and business men wearing cowls. In front of the city hall a eulogy over the deceased "Deity of Depression, King of Critics and Prince of Pessimists" was pronounced by Dr. Gloom, the bent old man shown standing beside the hammer on the platform. General Prosperity attended the funeral to pay due disrespect to the deceased. After the final funeral ceremonies in Syracuse the "National Hammer" was entrained for San Francisco, to be interred in the Pacific ocean.

## War Activity Remarkable

News from the European war zone indicates an unexpected activity for the winter season. True the great bulk of the fighting reported has been occurring in the region of the Dardanelles and in Mesopotamia. Reports are conflicting as to the result of recent fighting. About the only definite news reported is that the British have abandoned, for the present at least, the offensive campaign to take the Dardanelles and are withdrawing from Gallipoli.

At variance with the general prophecy there has been but little cessation in the fighting in Europe on account of the coming of the winter weather. Even on the Russian front there is still a marked degree of activity and on the southern section of the long Russian frontier in the region of the Black Sea and on the Bulgarian border the troops of the Czar have been making tremendous attacks.

In France the clashes between allied and German forces have been occurring with a frequency and earnestness that is no different from the summer campaign.

So far there is no marked advantage. What little of gain resulting from the active fighting must be credited to the German forces in the Balkan and Mesopotamia regions.

The refusal to halt the fighting at the command of winter is indicative of a determination on both sides to force the war as rapidly as possible to a final conclusion. Desperation has apparently seized both armies and the waiting, starving out plan of campaign seems to have been discarded.

## The Charter Form for Cities

The charter form of government for municipalities is one of the reforms which have been suggested and tried out during the last five years. It has met with a success and a popularity which guarantees its permanence as a part of our governmental machinery.

There are still a great many cities, large and small, perhaps a great majority of them, staggering along under the weight of the old form which means a maximum of officials, cost and wastefulness and a minimum of economy and efficiency.

The charter form means just the opposite, it means relieving municipality and citizens of costly form and shadow, of politics and inefficiency, it means that the public business, which is no different from private business, shall be conducted in the same way that private business is conducted.

Every where the charter form has been honestly tried out the results are surprisingly satisfactory to the people.

When the reports from charter governed municipalities are studied it is remarkable that any city large or small will remain in the old rut.

## Humphrey Jones

With the death of Hon. Humphrey Jones Monday morning a remarkably active professional and business career was brought to an end.

Mr. Jones was endowed by nature with a wonderfully strong mentality and all through his life, by industry and self discipline and strict application to matters pertaining to his profession and his business, developed and directed his talents and energies to a degree which was the foundation of his successes.

As a professional man Mr. Jones occupied a place in the front rank, recognized as one of the ablest lawyers not only of this county but of the state. As a financier, his opinion was sought and respected, his advice followed by men of learning and experience in financial circles. As a farmer and stock raiser, he was recognized as an authority and called to distant parts of the United States to address gatherings composed of men who made of farming and stock raising their sole work in life.

The multiplicity of his interests, professional and business, the magnitude of his undertakings and accomplishments, the entire distinctness of each one of his activities renders his successes in each one seem almost phenomenal and gives one an idea of the versatility and energy of the man.

Withal Mr. Jones was not content to undertake and consummate large undertakings in fields of demonstrated certainty. He was in no sense narrow in his conservatism. He was progressive to the extreme warranted by sound judgment and reason.

He was one of the very strong men of the community contributed much by suggestion and activity to the advancement of his profession and business.

He was intensely active mentally and was constantly suggesting and trying out new plans and ideas and almost invariably met with success.

The legal profession, financial circles and the farmers lost a powerful assistant when death claimed Mr. Jones.

It was in keeping with that thoroughness and exactness which made his life such a success that arrangements were made by Mr. Jones long since which will prevent any halting of or inconvenience to the vast business enterprises of his own and of those with which he was affiliated.

## Poetry For Today

### THE RUIN.

By Lower Lake side stands the ruined tower  
That erst in proud defiance kept the fell;  
How safe the stronghold and how great its power  
The encircling water and broad buttress tell.  
A fragrant thorn tree from the dungeon springs,  
And on the stair which rings to armored tread  
A gaudy flower spreads impurpled wings,  
While knotted ivies pop the walls o'erhead.

The battlements that fronted shadowing mountain,  
Fallen, give footing to the nimble sheep,  
And where, in olden days, there played a fountain,  
A trickling stream now leaves the crumbling keep.

How utter silent is the desolation  
Wrought by fierce hate and slow destroying time  
Upon the seeming mighty habitation  
Of great MacCaura in his haughty prime!  
—Mary E. Gaffney in Boston Transcript.

### SHE HAD A HARD TIME.

Getting a Hubby Was Not So Easy For Chicago Woman.

Chicago.—A cry of "Stop thief!" prevented the escape of a bashful bridegroom here a few days ago. After two years' courtship Steven Mcbett and Mrs. Marie Alphonso went to the city hall to get a marriage license. Then Mcbett weakened. As he started toward the street at top speed Mrs. Alphonso screamed: "Stop thief! He has got my pocket-book!"

McBett was captured by a patrolman and taken to central station, where the woman broke down. "He's not a thief," she confessed. "But I knew if he got away now he'd never get this close again." Later the couple got the license and started for the church.

## GERARD'S WIFE WINS PRAISE IN GERMANY

### Appreciation Shown For Her Efforts In Feeding Aliens.

Berlin.—Mrs. Gerard, wife of the American ambassador here, is appealing to her friends at home for funds to carry on the American relief kitchen of Berlin, which has daily fed some 200 women and children, the families of men who are aliens in Germany and therefore placed in concentration camps, following the action which Great Britain and France took in the internment of aliens in those countries.

The American Association of Commerce and Trade in Berlin gave the money to run the kitchen for six months when its doors were opened last year in the quaint little building in the Schlesische strasse, where Mrs. Gerard and her committee of American ladies found an unoccupied house in the factory district of the east side. Mrs. Gerard herself gave the coal supply for the winter, so that the place was kept open all afternoon, many of the women and children having no other place where they could keep warm. The money was spent so economically that \$1 furnished seven wholesome meals.

This winter the enterprise is without funds, and the doors of the American relief kitchen have not been opened to the crowds of hungry, poorly clad women with babies in their arms and clinging to their skirts who mournfully stand around and gaze through the windows.

Long purses and generous ones among the American colony have been taxed to the utmost by the charity needs arising from the war, and Mrs. Gerard has won appreciation not only in Berlin, but throughout Germany for her large contributions of money and the devotion of almost all of her time to the alleviation of distress. On Nov. 11 the German government sent her Red Cross decorations of the first and second class to commemorate her services in connection with the effort to help German prisoners of war in Russia.

### JAIL EMPTY 120 HOURS.

And Minnesota "Dry Town" Is on the Way to Goodness.

East Grand Forks, Minn.—The remarkable record of a tenantless jail here for 120 hours recently was broken when J. W. Lafferty, a transient, was arrested on a charge of passing a fraudulent check.

The city's police force has been cut in half as a result of the arrival of the dry regime.

The drought here also had affected Grand Forks, N. D., where there had not been an arrest for drunkenness for more than a week, and the mayor of that city also contemplates a considerable reduction in the police force.

### Smell and Taste.

The sense of smell is most nearly allied to that of taste. Hearing and seeing depend upon nerve responses to vibrations in the air and in the ether. In order to taste a substance it has to be wholly or partially dissolved; in order to smell a substance it must encounter the olfactory organs as a vapor, an emanation, a cloud of particles arising from odoriferous matter.

## ARMY AND NAVY TO LOSE NOTED MEN

Nineteen Officers Will Retire at Age Limit in 1916.

### FAMOUS ADMIRALS TO GO.

Bradley A. Fiske, Cameron McRae Winslow and T. B. Howard Head List—Eight Naval Captains Will Be Promoted—Wilson Will Select the Successors of Army Generals.

Washington.—Nineteen of the highest ranking officers of the army and navy will be retired from active service at the age limit fixed by law in 1916. Included in this number are one admiral, four rear admirals and four brigadier generals. The naval retirements include that of the commander in chief of the Pacific fleet, the president of the naval war college and a division commander of the Atlantic fleet, while among those who will cease to be active officers of the army are the chief of corps of engineers and the president of the army war college.

The first of the naval retirements in 1916 will be that of Rear Admiral

Macomb copyrighted by Cincinnati. The others are photos by the American Press Association.

REAR ADMIRALS FLETCHER AND WINSLOW, TOP; REAR ADMIRAL HOWARD AND BRIGADIER GENERAL MACOMB, CENTER; BRIGADIER GENERALS EVANS AND KINGMAN, BELOW; ALL ABOVE WILL RETIRE IN 1916 SAVE FLETCHER, WHO RETIRES IN 1917.

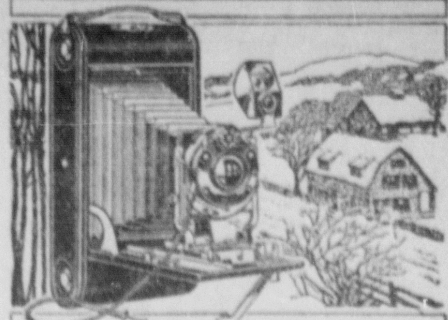

Bradley A. Fiske, with the possible exception of Admiral Frank F. Fletcher the best known officer of the American service. Until a few months ago Admiral Fiske was aid for operations in the navy department. He leaves on June 12.

The second officer to retire will be Rear Admiral Cameron McRae Winslow, the commander in chief of the Pacific fleet. Admiral Winslow is another distinguished officer of the navy. He leaves the service on July 29. Rear Admiral Thomas B. Howard, Admiral Winslow's predecessor as commander in chief of the Pacific fleet, retires on Aug. 10; Rear Admiral Clifford J. Boush, who commanded the second division of the Atlantic fleet at Vera Cruz, reaches the age limit on Aug. 13; Rear Admiral De Witt Coffman, commanding the Third division of the Atlantic fleet, on Nov. 28, while Rear Admiral Austin M. Knight, president of the Navy War college, at Newport, leaves the service on Dec. 16.

Eight naval captains will be promoted to flag rank as a result of the above retirements. These officers are H. McL. P. Huse, who was Admiral Fletcher's chief of staff at Vera Cruz; William R. Rush, who commanded the landing force during the fighting that marked the capture of the Mexican port; James H. Glennon, who commanded the flagship Wyoming at Vera Cruz; Chief Engineer Robert S. Griffin, Harry S. Knapp, George W. McElroy and William L. Rodgers.

The army general officers who retire in 1916 are Dan C. Kingman, the chief of the corps of engineers; John P. Wisner, now commanding the First brigade in Hawaii; Montgomery M. Macomb, president of the War College, and Robert K. Evans, now commanding the Second brigade on the Mexican frontier. All of these officers are brigadiers. Kingman will retire March 6, Wisner July 19, Macomb Oct. 12 and Evans Nov. 19.

President Wilson, under the law, will select the successors of Generals Kingman, Wisner, Macomb and Evans. The naval promotions are by seniority.

### CLOCKS TELL OF THEFT.

Stop When Culprit Breaks Circuit of Electrical System.

Seattle, Wash.—Many instruments recorded the exact moment of a theft at the University of Washington, but gave no definite information as to the place in which it was committed or the identity of the thief.

Officials determined that the theft had been committed in an unoccupied building on the campus. At 3:40 o'clock in the afternoon all the clocks in the university's electric system stopped. The master clock was found to be running, and search the next morning revealed that the circuit had been broken in the empty cottage, where the time-piece had been torn from the wall. The thief had also taken part of the telephone.

### SEASICKNESS FROM "MOVIES"

Recalls Trip Across Atlantic When Ships on Screen Rock.

Hutchinson, Kan.—John Stevenson, farm hand at a local dairy, had to be taken to the hospital after a picture show he saw. The films were of the navy, with a number of views showing boats rolling in high seas and all that.

It was so realistic that it reminded Stevenson of his trip across the Atlantic and made him seasick.

The doctors were puzzled for quite a time to diagnose his trouble.

# ANALYSIS OF THE AGES OF PERSONS WHO MARRY

**Fayette Countians Marry at Average of 27 Years and Nine Months for Men, and 24 Years and Nine Months for Women. However, Popular Age Is 22 Years, Although Many Marry at Fifty.**

Probably the average person could not guess within five years of the average age at which Fayette countians marry.

The average age is approximately 27 years and 9 months for the men and 24 years and 9 months for the women.

However the average age is not the most popular age at which to wed, according to an examination of the marriage records and computation of the average ages of the last 42 couples obtaining licenses to wed.

The "popular" age is not even near the average age, but for both women and men the popular age is 22 years.

Of the forty-two last licenses issued up to Saturday afternoon, six of the women were older than the men, five couples were of the same number of years of age, and 31 males and 33 females married before they had attained the respective average age. Six of the males were 40 or more and six of the females were 40 or more.

Three of the females were 17, four were 18, six were 19, three were 20, three were 21, seven were 22, two were 23, two were 24; none were just 25, one was 26.

Of the males three were over 50; five were 19, one was 26, three were 21, eight were 22, four were 23, four were 24, two were 25, three were 26.

Eight males were under the age of 21 and nine females were 18 or under that age.

The "popular" age at which to marry was ascertained by adding together the persons of the various ages, it being found that more persons of the age of 22 get married than any other age.

Funeral services will be held at the residence Thursday morning at 10:30. Burial in Washington cemetery.

## ADAM C. DUFF DIES TODAY

**Former Grain Dealer of This City Dies at Home East of This City - Death Due to Ravages of Pneumonia - Was Widely Known and Prosperous Farmer.**

It was with very genuine sorrow that friends in town and county learned shortly after seven o'clock Tuesday morning, that Adam Clark Duff had succumbed to the dread pleuro pneumonia and answered the summons of the death angel.

For days Mr. Duff's condition had been critical, physicians offering little hope.

"Ad" Duff, as everyone knew him, will be missed in Fayette county. He was one of those likable men who always have a kindly word of greeting and never shrank from his duties as citizen, friend or neighbor.

His business honesty and integrity, combined with a willingness to lend a hand to those things for the benefit of the community, had led to his being well and favorably known as a solid business man, a retired farmer and a capitalist.

Until a few years ago Mr. Duff made his home on E. Market street in this city, leaving Washington to spend his last years at his beautiful country home on the Waterloo pike. At one time he was engaged in the grain business in this city, the firm known as "The Midland Grain Co.," and located where the Fayette Grain Co. now operates.

Mr. Duff was 72 years old and a loyal G. A. R. veteran, having been a member of Company M, 13th Ohio Cavalry. He belonged to Grace M. E. church.

A wife and two sons, Roscoe and Virgil, mourn the loss of an affectionate husband and father. Three sisters and three brothers also survive. Mrs. Sarah Shagley of Grove City; Mrs. Matthew Hanna of Madison Mills; Mrs. Molly Robinson of Mt. Sterling; David and Michael Duff of Columbus; Charles Duff of Grove City.

## ADDED ATTRACTION TO LYCEUM COURSE

The Washington Lyceum Course Committee has just sprung a surprise upon patrons of the course by booking, without additional charge to holders of season tickets, an additional attraction for the present course.

The attraction is The American Girls, an organization of six talented young women who render a most delightful program, and one which is expected to please the Washington audience.

Musically the program comprises: An orchestral sextette, a singing sextette, vocal, violin, cornet and saxophone solos, vocal and instrumental quartettes and trios, saxophone trios, heavy classical music, popular song medleys, readings, original songs.

This attraction will appear at Grace church, Saturday evening, January 29th, and holders of season tickets will be admitted without charge. The usual rate will apply to those not holding season tickets.

## HUMPHREY JONES FUNERAL SERVICE WEDNESDAY P. M.

The funeral services over the remains of Hon. Humphrey Jones will take place Wednesday afternoon at one o'clock, in the M. E. church at Bloomingburg, and the remains will be interred in the beautiful little cemetery at Bloomingburg.

The services will be under the auspices of the Masonic Lodge, and the pallbearers will be chosen from members of the Fayette county Bar. Members of the bar will also join the Masons in escorting the remains to their last resting place.

## COMPANY M HOME FROM "SOMEWHERE IN BUCKEYE STATE"

Company M is home from "somewhere in Ohio," and not a man was lost in the campaign against rioting Austria, Italy and mayhap America.

Throughout their period of service Company M was quartered in the little village of Berlin Center, 23 miles from Youngstown. But, while they spent three days in Berlin, not one of the men saw the Kaiser. In fact few were outside of the coaches for more than a few minutes at a time, all being kept in readiness for immediate movement to reinforce the troops at the "front" should a big "drive" be launched.

The worst affliction experienced by any member of Company M was the inability of First Lieutenant Paul to obtain his pie, at the usual stated intervals. Major Allen and Captain Hardway are said to have become restless for lack of Associated Press service in keeping them posted upon current events in rioting circles.

Not a single member of the company or Fourth Regiment got so much as a peek at the smoking stacks of Youngstown.

Company M reached this city on a special train shortly after midnight Monday night, and disbanded at 2:30, after the guns had been cleaned and other equipment given attention.

## ANNUAL ELECTION OF OFFICERS HELD

At special meeting of the Fayette County Fish & Game Protective Association, Monday night, officers for the coming year were chosen and a committee named to prepare for the annual banquet on "ground hog night," February 2nd.

After the president, C. A. Cave, had been roundly roasted by some of the members, until he had become somewhat uncomfortable, and after a number of nominations were made, the 35 members present voted unanimously to re-elect Mr. Cave president of the organization for another year, much to his surprise and appreciation.

Bert Ellis was elected vice-president, Howard Allen secretary, H. C. Ireland the treasurer. Some of the contests for office were interesting and afforded much amusement.

After the election the banquet committee was named as follows: Grant Coffman, chairman; Dr. T. W. McFadden, Ed Fite, Walter Craig, M. E. Hitchcock, Bert Ellis, Clate Parrett and Earl McLean.

Another meeting will be held next Monday night.

## PROMINENTLY IDENTIFIED SUFFRAGE MOVEMENT

Mrs. Josephine Kerr has been appointed chairman of the Seventh Congressional District of the Buckeye State Suffrage Organization.

The appointment is a deserved compliment to Mrs. Kerr's executive ability as well as to her influence and activity in the suffrage movement.

It involves large responsibility of a character which demands certain qualifications which this well versed club woman possesses.

There are nine counties in this district, Clinton, Warren, Greene, Clark, Champaign, Logan, Union, Madison and Fayette.

After the organization is completed Mrs. Kerr will have a full corps of officers in each county under her direction.

Mrs. Harriet Upton is State President and Mrs. Carrie Chapman Catt, National Suffrage President.

The state organization affiliates with the National organization with the International. There is no affiliation with the Congressional organization.

## OHIO'S GREATEST AUTOMOBILE SHOW

January 29 to February 5, Date of Columbus Dealers' Annual Auto Show.

The Annual Dealers' Columbus Automobile Show, will be held again this year, in Memorial Hall, for one week, January 29th to February 5.

The same progressive dealers, who were responsible for the eminently successful show given last winter, are again co-operating to give Central Ohio the biggest and best Automobile Show in the state.

The entire main floor of the large auditorium, will be occupied by motor car exhibits, six cars being shown in the big lobby, which last year was devoted to accessory displays. This year all of the parts and accessory exhibits will be together on the balcony floor.

The big hall will again be transformed into a beautiful garden, by a decorative plan, even more elaborate than in previous years, and will compare only with the big Na-

tional Shows in New York and Chicago.

New and novel features of entertainment, never before attempted at a Motor Show, have been arranged to enliven every hour of the entire Show week.

As the first week in February is recognized, in the itinerary of the big annual shows, as Columbus Week all of the special show equipment from the National shows will be on display, including several cut-open chassis, part-stand displays and complete cars, especially finished for show purposes.

The complete lines of the following makes of popular cars will be on exhibition the entire week.

Packard, Pierce-Arrow, Cadillac, Hudson, Chalmers, Ford, Overland, Franklin, Reo, Cole, Studebaker, Dodge, Dort, Abbott, Apperson, Crow, Davis, Detroit Electric, Haynes, Interstate, Jeffrey, King, Kissel, Kar, Willys-Knight, Madison, Milburn Electric, Monitor, Oakland, Paige, Velie, Patterson, Scripps-Booth, Pullman, Westcott, Waverly Electric, Chevrolet.

## APPOINTMENT HAS BEEN CONFIRMED

The appointment of Sherman A. Murry to the position of Postmaster of this city, was confirmed by the Senate late Monday afternoon, and within the next ten or twelve days Mr. Murry probably will be in charge of the local office, succeeding J. H. Culhan whose time expired December 20th, but who holds over until his successor qualifies.

## COMMISSIONERS WILL BE BUSY

That the County Commissioners will be very busy from now onward is attested by the fact that already citizens and boards of trustees throughout the county are planning to have a meeting with the Board of Commissioners, relative to the manner in which the two-mill levy is expended in the various townships of the county.

Jefferson township citizens already have asked for the Commissioners to meet with them in discussing the proposal. The trustees of Perry township are the first trustees to ask for a meeting with the commissioners.

Demands upon the commissioners are expected to be frequent until the matter is threshed out and some definite plan agreed upon.

As the first installment of the two mill levy will be available by early spring, citizens and boards of trustees are becoming deeply interested in seeing that the money is used in a manner to do most good.

## BOARD MEETING

The official board of the Y. M. C. A. will hold a meeting tomorrow night.

# CURTAIN FALLS ON SAM LUCAS

Noted Negro Comedian, Who Lived in This City, Dies at Age of 75 at Home in New York—Was on the Stage Half Century.

A dispatch from New York tells of the death of Sam Lucas, noted colored minstrel man who had a nation wide reputation as a fun maker and who lived in this city when a boy. He was 75 years of age.

SAM LUCAS.

This Picture of Lucas Was Taken at The Height of His Career.

For nearly half a century Lucas had been on the stage, and finished his career a short time ago in vaudeville. Lucas was known as one of the most original entertainers of the American stage. He was the author of "Grandfather's Clock" and other well known selections.

Lucas was one of the first members of the Elks' lodge, having been a charter member of Lodge No. 1. Washington was the boyhood home of Lucas, and he lived here until the call to the stage drew him forth into the world. Since that time he has played to more audiences and more people than any other colored comedian in the world.

## CHARITY BALL, FEB. 11

The Welfare Association has set the date of February the eleventh for the leap year Charity Ball, which it is expected will prove both the most brilliant society event of the mid-winter and generously replenish the treasury, at a time of year when finances are greatly needed.

It will be a St. Valentine's Ball at the Elks' club rooms.

The donation of the handsome Elks' club rooms is one greatly appreciated by the organization. It is an established rule of the Elks that their rooms can be used only by members or their wives and the rule is only laid aside for this occasion on account of charity and the charitable affiliation of the order.

The Varsity Orchestra of Columbus, which proved immensely popular at the Elk's New Year dance, will furnish the music.

## CONTRACT IS LET FOR TRAIN SHEDS

The contractors who have the job of erecting the union station in this city, have been awarded the contract for building the "umbrella" train sheds over the platforms near the station.

This work will be taken up just as soon as the union station is completed and platforms built.

## In Social Circles

Mrs. L. P. Howell and Mrs. Rell G. Allen gave a beautiful dinner, Monday in honor of the birthday of their mother, Mrs. Margaret Mallow, of Columbus.

Seated with Mrs. Mallow were her daughter, Mrs. Carl Entekin, of Columbus and a dozen cousins, who had not enjoyed a reunion in years. They were Mrs. W. R. Marchant of Milledgeville, Mrs. R. J. Jefferson, Mrs. M. L. Dickey of Bloomingburg; Mrs. Ella Coffman, Mrs. Alice Parrett, Mrs. T. F. Parrett and daughter Miss Fannie, Mrs. A. M. Anderson, Mrs. Frank L. Parrett, Mrs. O. E. Tanquary, Mrs. Wm. Waddle.

The dinner hour was one of the most delightful possible, crowded with reminiscences and the renewing of the distinctive friendships of relatives.

An elaborate dinner was served and the table was extremely pretty with decorations of scarlet carnations and smilax.

More than the usual interest attached to the monthly meeting of

the Teacher's Council at the Presbyterian church Monday night, owing to the fact that Dr. Robert E. Pugh, Secretary of the State Board of Home Missions was a guest and gave a stirring talk suggesting special work to be taken up by the Sunday school.

A delicious hot supper was served at six o'clock by the committee, Miss Emma Jackson, chairman, Mesdames R. S. Quinn, W. R. Smith, Roy Brown, Miss Grace McHenry, Mr. Frank M. Fullerton, Hon. C. A. Reid and Dr. Fred Woollard.

The occasion was thoroughly pleasurable as well as important in the business taken up.

Mrs. George Sheets charmingly entertained the Tuesday Kensington club this afternoon. A tempting reception interspersed the needlework.

Several outside guests enjoyed the affair with the members.

The Court Street Bridge club was delightfully entertained by Mrs. D. H. C. Bowen this afternoon.

## TANLAC ROMANCE NOW FULLY TOLD

Its Launching and What Inspired It Is at Last Explained.

"Every few years someone suggests something that will tend to better our condition, whether it may pertain to our business, our knowledge, convenience, or health, or our social state," declared L. T. Cooper recently.

"It has been my pleasure to offer Tanlac to the world," he continued. "I presented Tanlac on its merits, knowing full well that it would prove satisfactory if properly tested."

"Confident as I was of the reception Tanlac would receive, I confess I was hardly prepared for the wonderful popularity into which it at

once sprang. When it is considered that just nine months to the day after Tanlac was announced, one million bottles had been sold, it can be understood that when the story of Tanlac is called a romance of the business world it is quite true.

"Tanlac appeals particularly to the best people everywhere—people who are able to judge carefully and to render a just opinion of its merits. Upon the thousands of indorsements of such men and women Tanlac's astonishing success has been based. Great as is the demand for Tanlac now, I really feel that the country, as a whole, is only just awakening to it."

"Tanlac, which is the joint product of Herr Joseph Von Trimbach, the noted German chemist and myself is, I believe, the most effective remedy known for ailments of the stomach, liver and kidneys and for catarrhal affections of the mucous membranes."

"It is compounded of roots, herbs, barks and flowers, many of which come from remote parts of the world and it is free from the mineral taint feared by many persons."

"I have no doubt that Tanlac will be as successful in your city as it has in every other in which it has been introduced."

Tanlac now may be obtained in Washington C. H., at the Drug Store of Blackmer & Tanquary, where it is fully explained. Advt.

# PROBES TROUBLE AT TUBE PLANT

State and Local Officials Busy  
at East Youngstown.

## GRAND JURY IN SESSION

Two Federal Investigations Also Started, Officials Having Arrived From the National Capital—Reports Circulated to the Effect That the Strike Involving 18,000 Men Has Been Settled.

Youngstown, O., Jan. 11.—Among the day's developments at East Youngstown were the opening of the grand jury investigation of the strike and riot, the resumption of work at the plant of the Youngstown Sheet and Tube company and the ordering home of the Fourth regiment of the Ohio national guard, which had been called out for strike duty.

Quiet prevailed in the vicinity of the tube works and employees who reported for duty were not molested, either when entering or leaving the plant. There were no pickets in evidence, and the belief was expressed

by county officials that the crisis in the situation had passed.

Many witnesses were examined by the grand jury, but, according to Prosecuting Attorney A. M. Henderson, no report will be made until the latter part of the week. There are more than a score of witnesses yet to be examined.

Thomas H. Flynn, general organizer of the American Federation of Labor, who returned here from Pittsburgh, issued a statement in which he charged that the rioting here last week was a financial scheme to depress the value of stock of the Youngstown Sheet and Tube company so that a merger of independent steel interests could be effected. He said he was convinced no foreign influences were involved.

Two federal investigations were started here. George A. West of Washington, representing the federal commission on industrial relations, arrived here to look over the situation, while postal inspectors are also investigating the robbing of and burning of the postoffice. Six men have already been arrested, it being alleged that stamped envelopes stolen on the night of the fire were found in their possession.

Persistent reports say that the strikes in the plants of the Youngstown Sheet and Tube company and the Republic Iron and Steel company in East Youngstown, Struthers and Lansingville, affecting 18,000, have been settled.

fore congress which, if passed, would have limited the presidency to a single term. In accordance with the pledge of the Baltimore platform, Mr. Wilson's letter prevented the passage of that resolution, and no attempt has been made since to revive it. The general tenor of that communication has been known ever since it was written to Mr. Palmer, but the full text is now made public for the first time.

## ITALY URGED TO GRAB MONTENEGRO

Rome, Jan. 11.—The Italian press is urging that the government assume the control and defense of Montenegro. Montenegro, they urge, is dynastically united with Italy through the Italian queen, who is the daughter of King Nicholas. In the second place, they point out that as Montenegro is now situated she is threatened by the Austrians with the loss of Mount Lovcen, which in Austrian hands, would make Cattaro impregnable and defeat of the Austrian navy on the Adriatic impossible. Austria is determined on the conquest of this strategic fortress, and, they say, Montenegro is fighting them unaided—a task to which she is hardly equal.

## SETTLEMENT IS DAWNING

Washington, Jan. 11.—Formal settlement of the Lusitania controversy probably will be reached before the end of the present week. All that remains is for the Berlin foreign office to approve a tentative understanding just reached at a conference between Secretary of State Lansing and Count Von Bernstorff, the German ambassador. That this approval will be given and that the demand itself will be embodied in a formal note from Germany to the United States is confidently predicted in state department circles and in quarters close to the German embassy. The note, it is said, will take the form of a reply to the American note to Germany of July 21, 1915. Although the disavowal said to have been agreed upon by the secretary and the ambassador is not in the form originally demanded by the United States, it is described as meeting entirely the wishes of President Wilson.

## GRIP IN CANADA

Montreal, Jan. 11.—The epidemic of grip, which had been reported in various parts of the United States, has reached here, a total of 500 cases being reported. Mayor Martin, Comptroller MacDonald, numerous minor officials and fifty clerks are now suffering from the malady and the conduct of the city's business has been considerably interfered with.

## BUCKEYES

Crossing Tragedy.

Greenwich, O., Jan. 11.—Arthur France, forty-five, his wife, of the same age, and two children, Harold and Helen, twelve and ten, respectively, were instantly killed when a buggy in which they were driving across the Big Four railroad tracks, was struck by a passenger train.

Aged Printer Passes Away.

Columbus, Jan. 11.—William F. Poland, eighty-two, for more than forty years a printer in Columbus, is dead in Colorado. Mr. Poland joined the Columbus Typographical union in 1859, and was a member of the Columbus local until fourteen years ago, when he retired to go to the union's home at Colorado Springs.

Had Right to Build Dam.

Cleveland, Jan. 11.—The city of Akron had a right to build a dam, recently completed, across the Cuyahoga river, for a reservoir to supply the city with water, according to a ruling made in the United States district court here by Judge John H. Clarke. The court refused to enjoin the city as asked by John H. Sears of New York, trustee of \$150,000 bondholders of the Cuyahoga River Power company, who contended that the building of the dam would infringe upon the company's rights.

Willis Orders Probe.

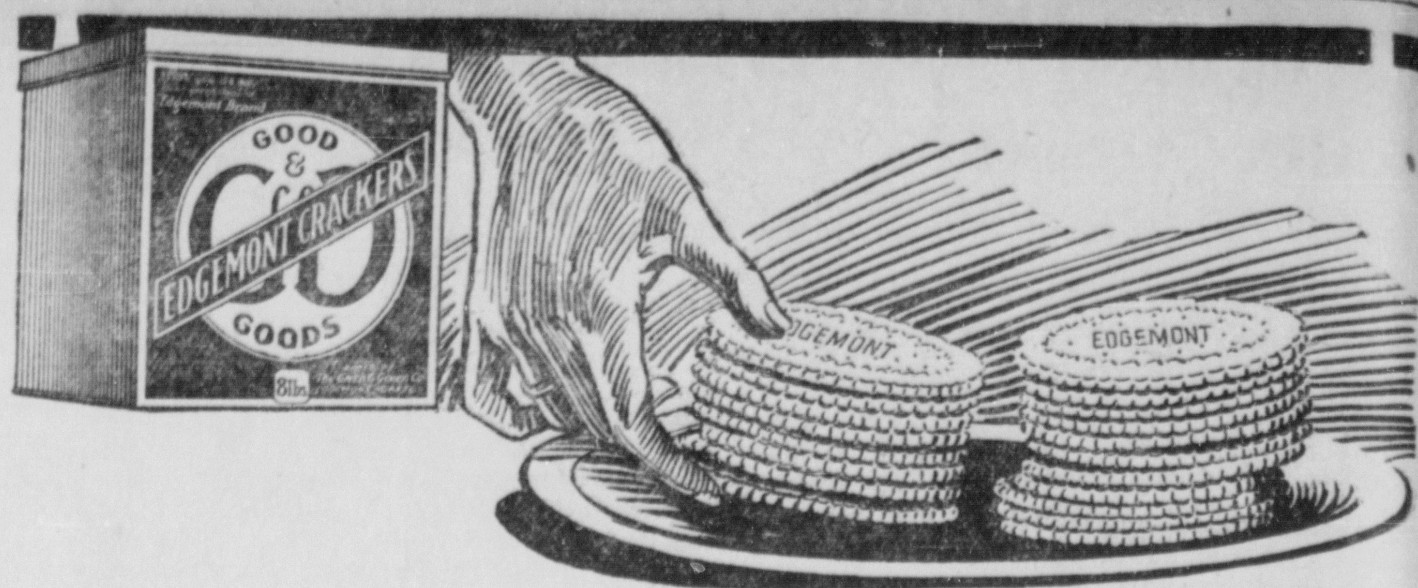

Columbus, Jan. 11.—Attorney General Turner sent his first assistant, E. S. Ballard, to Youngstown upon request from Governor Willis, that Prosecutor A. M. Henderson of Mahoning county be given assistance in the investigation of the causes of the strike riots. Governor Willis asked for a searching inquiry and the punishment of the responsible ones. Request for state assistance in the investigation had come to the governor from John A. Voll, president of the Ohio Federation of Labor, and County Prosecutor Henderson.

## INDIANS GOOD FARMERS.

Developed as Such More Last Year Than Ever Before.

Washington.—The development of agriculture and stock raising among the Indians has been greater in the last year than ever before, according to the annual report of Cato Sells, commissioner of Indian affairs. Love of home and domestic happiness are becoming at last a more marked trait of the Indian. A special effort is being made to better the condition of the Papago Indians, who are in southern Arizona. The children are to be taught the A B C's.

"The Papagos," says the commissioner, "are among the most deserving of any people I have ever known. Their home for more than 200 years has

Look for the green double-enameled box. It is enameled green on the outside to remind you of Green & Green. That guarantees quality. It is enameled pure, spotless white on the inside to insure and guarantee purity. The white enamel inside is as impervious as glass. You couldn't ask a better package for such a wholesome food product.

Your grocer will supply you by the pound—100 to the pound—at 10c. But most housewives find it more satisfactory to have a constant supply by buying eight pounds at a time—then you get them in the green-double-enameled box. For the box you make a deposit of only 50c, which the grocer will refund when the empty box is returned, or it may be exchanged for a new one.

Boroughs of Greater Nineveh.

The ruins of ancient Nineveh, on the Tigris river, are now fairly well determined. The north wall, extending due east from the river, was 7,000 feet

long, the eastern wall was three times long, the southern wall only 1,000 feet, while the western or river front extended for two and one-half miles along the Tigris. The actual extent of the city contained about 1,800 acres. But Greater Nineveh—compare Greater New York—was made up of a tetropolis of four cities—Nineveh proper, Khorsabad, Calah and Keramils—which agrees with the dimensions given by Diodorus, the Greek historian, and fully justifies Jonah's path into the exceeding great city of three days' journey.—Christian Herald.

Letter Written In 1913 Defines  
His Attitude.

Washington, Jan. 11.—A letter has been made public in which President Wilson cites the rule by which he will be guided in deciding whether or not he shall run for president again. This is the way the president puts it: "I shall most cheerfully abide by the judgment of my party and the public as to whether I shall be a candidate for the presidency again in 1916. I absolutely pledge myself to resort to nothing but public opinion to decide that question."

The president's willingness to run again provided that the party and public want him is disclosed in a letter which he wrote to A. Mitchell Palmer of Pennsylvania a few weeks before the presidential inauguration in 1913. This letter also was written while the resolution was pending be-

**\$100,000,000 Better**

YOU think of the Baltimore & Ohio System in terms of the past—as a great scenic and historical route—as America's first railway—should know it today. In past four years \$100,000,000 have been used to improve the roadbed to straight-line curves, to add new tracks, to better the equipment. Millions have been spent for coaches and engines of the all-steel, electric lighted trains, with an excellent dining car service. All the attractions of Nature which made it "the scenic route of Eastern America" are still here for you—but we have made them \$100,000,000 better. You can not ride in better trains, over a finer roadbed anywhere.

# PROGRESSIVES OPEN IMPORTANT SESSION

National Committee Meets In Chicago.

TO NAME CONVENTION DATE

George W. Perkins Acting Chairman of the Meeting, in Which Colonel Roosevelt's Secretary Plays a Conspicuous Part—Convention Likely to Be Held at Same Time Republicans Convene.

Chicago, Jan. 11.—With George W. Perkins as acting chairman, members of the Progressive national committee are in session here today to prepare the call for the Bull Moose national convention.

The arrival of J. W. McGrath, Colonel Roosevelt's private secretary, in company with Mr. Perkins, set tongues wagging. Young McGrath

plunged into the preliminary conferences and represented Colonel Roosevelt at all of the "inner circle" gatherings. He would not discuss Mr. Roosevelt's political ambitions.

One of the most significant developments of the day was the open work of Mr. Perkins on behalf of June 7 as the date for the Moose convention. He encountered some opposition. One faction demands that the convention be held before either the Republican or Democratic conventions. But Mr. Perkins says the convention must be held the same time the Republicans convene, and that is why 800 hotel rooms have been tentatively engaged, as well as the Auditorium theater and the Orchestra hall. Mr. McGrath, the colonel's secretary, is working in harmony with Mr. Perkins.

Mr. Perkins was host at a banquet given the committeemen at the Blackstone hotel, and also was the chief "keynote." Mr. Perkins denied the allegation that the Progressive party had gone up the spout, along with the Greenbackers and the Populists. He then launched into a severe arraignment of the Democratic administration, and handed a few hot shots to the Republican leaders.

## TELLS HOW 'T WAS DONE

ASQUITH REFERS TO BRITISH RETIREMENT

Withdrawal, Made Without Loss, Held Military Coup.

London, Jan. 11.—Premier Asquith, in announcing the withdrawal of the last British troops from the Dardanelles at Sedd-el-Bahr to the house of commons, referred to the operations, together with those by which the withdrawal at Anzac and Suvla bay were accomplished, as deserving of an imperishable place in English history.

"The house will learn with extreme gratification," the premier said, "of the retirement of the force at Cape Helles (at the tip of the Gallipoli peninsula) without the loss of a single life. Of eleven guns left behind, ten were worn out fifteen-pounders, which were rendered unfit for further service before they were abandoned. All stores of reserve ammunition which could not be removed were set afire before retirement."

The complete abandonment of the Dardanelles campaign has released more than 200,000 Turkish troops for use in the other theaters of war. These comprise the strongest corps of the Turkish army, already seasoned by a year of hard fighting on Gallipoli.

They will be thrown, it is believed here, either into the proposed Egyptian campaign or to Mesopotamia to drive out the British forces so precariously situated near Kut-et-Amara. With them will go the several thousand heavy guns and field pieces employed in the defense of Gallipoli. It is estimated that the peninsula can now be left with a garrison of 20,000 troops.

## SEND WARSHIPS TO ISLAND OF SAMOS

Paris, Jan. 11.—The Greek cruiser Helli and the destroyer Leon, with a strong contingent of troops, have been sent to the island of Samos to deal with an insurrection there, due to lack of foodstuffs. It is generally believed that the feeling is such that martial law will soon be declared in Athens itself.

A dispatch from Toulon tells of the internment of the central powers' consuls arrested at Salonica on board the French auxiliary cruiser Savoie, formerly in the New York-Havre service. This would indicate that the consuls had not been released, which was reported from various sources late last week. Further arrests, apt to lead to an increased feeling among the Greeks against the allied policy of internment any persons suspected of espionage in Grecian territory important to them, are also reported in Salonica among the Bulgarian priests there.

Persistent reports come through to Greece of the concentration of the Austro-German and Bulgar forces for an attack on Salonica, the former at Monastir and the latter near Givgell, for the move directly south.

## FREIGHT KILLS THREE PERSONS AT SPRINGFIELD

Springfield, O., Jan. 11.—Three persons were killed and twenty others were injured when a New York Central freight train hit a city streetcar at the West Main street crossing. The dead and injured were employees of shops who were returning from work. The dead: Albert K. Brunk, motorman; John E. Reed, negro; John Mason, negro.

It was said that several others received fractures of the skull and would die. All ambulances in the city, the patrol wagon and private automobiles were used to convey the injured to the hospital.

The accident happened as the freight train from the east and one from the west were nearing the crossing. It was said the conductor did not see the one train and waived for his car to proceed. The streetcar was demolished and carried forty feet down the tracks. Two freight cars were derailed and blocked the street for some hours, while one body was pinned under the car.

## SUSPECT FOUL PLAY

St. Marys, O., Jan. 11.—After being buried a month the body of Louise Halter, twelve, was exhumed on authority of Sheriff Shockley and Coroner Seibert. Internal organs were removed and sent to the state board of health. It is alleged that both Louise and Blanche Halter died of poisoning and an examination of the internal organs of Louise will be made for evidence of poison.

## OLD RESIDENT DEAD

Fremont, O., Jan. 11.—Nine children, thirty-nine grandchildren and forty-two great-grandchildren, six brothers and a sister and many other relatives survive Mrs. Mary Hochendel, Fremont's oldest resident, who died here.

Heifers Chase Rabbits. Pennsburg, Pa.—If a new idea of a Summerytown farmer becomes a fact the rabbit dog may be pushed into the background. He has trained some of his heifers to hunt and chase rabbits with as much success as dogs and, indeed, more cheaply.

**UNIVERSAL SERVICE DISCUSSED**

Washington, Jan. 11.—Universal military service in some form in the United States, possibly the requirement that all men between 18 and 21 be given at least six months' training, as a substitute for the volunteer system, was discussed before the house military committee by Major General Scott, chief of staff of the army. General Scott told the committee that the United States would need an army of nearly 2,000,000 men in event of war.

## COX ROASTS WILLIS REGIME

Dayton, Jan. 11.—Former Governor Cox in an address before Democrats attending the Jackson day banquet here, sharply attacked the Willis administration, which he called a "wrecking crew." He declared that the Cox administration had been "cussed, but never laughed at," that it was a "tragedy to certain interests in the state, but a joke to none." He stated that under Governor Willis taxes had been increased 90 per cent; that as executive he (Cox) had carried a "big stick to keep down tax rates," and added: "If the interests of constructive progressive government should ever call me back to official station, I shall take that same efficient instrument along." This was the only reference made in the governor's toast which could be construed in relation to his possible candidacy for re-election next fall.

Mr. Cox charged that Governor Willis had the license decentralizer passed so that he could avoid responsibility.

Ex-Governor Cox was preceded in talks by Senator Atlee Pomerene, Edward Dixon of Cincinnati, Mayor Karl of Columbus and Congressman Warren Gard.

# THINGS DOING AT THE MOVIES

## COLONIAL.

Julia Dean, a star who needs no introduction, may be seen at the Colonial Monday and Tuesday in the well known stage and screen success, "Matrimony." The play is of interest to all, from both an educational and artistic viewpoint.

"Sable Larcha," another late screen sensation, comes to the Colonial Thursday and Friday, starred by the great Thomas Jefferson, and Tully Marshall.

Wednesday—Comedy day.

All are Triangle releases.

## WONDERLAND.

Program not announced.

## PALACE.

Robert Mantel, celebrated actor who has charmed thousands of audiences in legitimate stage productions, is now enlisted in the grand army of photoplay artists and makes his initial appearance in Washington C. H. Tuesday in a V-L-S-E production, "The Unfaithful Wife."

This is a play suitable to Mantel's calibre and in which he is admirably supported by pretty Genevieve Hamper.

Friday, the Palace offers a pleasant surprise in "The God's Redeem" a Vitagraph masterpiece featuring Maurice Costello, Leah Baird, Vandyke Brooke and Mary Maurice.

Wednesday brings Ormi Hawley and Kempton Green in "The Telegrapher's Peril."

Thursday, Jackie Saunders in "The Woman of The Sea." A three act feature.

# SPLENDID SERVICE AT BAPTIST CHURCH

In spite of the disagreeable weather and a small audience Monday night, the preacher was in fine shape and delivered one of the most forceful sermons ever heard in this town. His text was, "Wherefore I Put you in Remembrance that Thou Stir up the Gift of God Which is in Thee." As with clear cut sentences and apt illustrations the speaker set forth the possibilities of the people for effective Christian living, the audience was deeply stirred and given a new conception of Christian endeavor.

Dr. Cambren is proving himself to be a man of great mental and spiritual strength and those who fail to hear him are missing a rare opportunity.

The personal workers will meet in the church at 7:00 tonight.

# PRAYER MEETINGS HELD IN HOMES

Prayer meetings, preparatory to the special services to be conducted at Grace M. E. church, will be held this Tuesday evening, at 7:30 o'clock at the following places:  
Mrs. Shoemaker, Lakeview Ave.; Mrs. C. E. Lloyd, Rawlins street; Mrs. H. E. Coffman, Temple street; Dr. Chas. Teeters, N. Main street; Mrs. John Durant, Market street; Mrs. Susan Miller, Columbus avenue; Mrs. Pope Gregg, Washington avenue; Mrs. John Merriweather, Clinton avenue; Rev. Jno. Neir, S. Main street; Mrs. J. N. Shoop, S. Fayette street.

# BOUND OVER FOR NOT BURNING LIGHTS

Late Monday afternoon Drs. Hodson and Woodmansee, charged with allowing their machines to stand without lights, were held to the common pleas court under \$100 bond each.

Attorney Post, representing the two men, maintained that such an act as charged is not a violation.

The cases attracted a great deal of interest.

## MEETING OF THE JUNIOR QUEEN ESTHERS.

# BLASIAR IS YOUNGEST AVIATOR IN AMERICA

Norwich (Conn.) Youth Expects to Be of Service to U. S.

Norwich, Conn.—Since the death of Cecil Peell at Washington last spring Arthur F. Blasiar, twenty-two, a resident of Guilford, nearby, is the youngest aviator in America holding a license under the International Federation of Aeronautics.

Mr. Blasiar left recently for Canada and contemplates going to Russia, where he will demonstrate and instruct Russian army officers in the operation of the Sperry gyroscopic aeroplane stabilizer and target sighter.

When interviewed by a newspaper reporter Mr. Blasiar said: "The Sperry stabilizer enables the pilot to fly without giving attention to lateral or longitudinal control. This relieves him from much stress and make it possible for him to give his attention to dropping bombs with the target sighter."

"He can drop each bomb with accuracy and effect. These are the only instruments of their kind and are American inventions. The machines on which they have been installed are the largest and most powerful made. They are propelled by two tractor screws turning in opposite directions and developing over 300 horsepower. They drive the machine at a minimum speed of forty-five miles per hour and a maximum of 105 miles. This makes it possible for them to go faster than the speedy scouting aeroplanes."

"The total load is 7,500 pounds, of which 2,000 pounds are bombs or explosives. There are two operators. The delicate parts are protected with armor, making it almost impossible to be shot down. It is possible for an enemy to launch one of these machines 400 miles at sea and fly over New York city, drop a ton of high explosives and return to its base of supply, causing great loss of life and property."

"The appearance of this great air destroyer is that of a huge beetle, as its two wings spread nearly 100 feet. The nacelle, or body, in which are the motors, fuel, munitions and operators, during flights takes on a hideous appearance in the air."

"My sole aim is that I may obtain actual experience in the art of modern aerial warfare. As a true American I feel it my duty that I may be of greater service to my country in a possible future war. The aeroplane is the eye of the nation."

## Burned Tommy and All.

Appleton, Wis.—Desiring to see a toment burn, a seven-year-old boy living on the outskirts set fire to the animal, the aftermath being the destruction of a carpenter shop. The blazing fire of the feline communicated to shavings in the building, and the structure was converted into ashes within a few minutes.

## Pinched Him Financially.

An esteemed citizen went into a shoe store in a metropolitan town and asked to see some leather goods. Another minute and an obliging salesman was hauling out some boxes.

"That is a nice looking shoe," remarked the customer as the salesman pushed his foot into a shiny right and started to lace it. "What is the price?" "This pair is \$8," responded the salesman as he finished the lacing and ran his hands across the vamp.

"Does it pinch you any?" "Well, I should say it does!" was the prompt rejoinder of the customer. "Give me something about \$5 cheaper."—Kansas City Star.

## How the Roughhouse Started.

They were talking about various things at the club, when a member not especially noted for his cleanliness remarked, "Would you call a bath a luxury or a necessity?"

"In your case," replied the man addressed, "it would be both—a necessity because you need it so badly and a luxury because you take it so rarely."—Boston Transcript.

## KILLED 150 RATTLERS.

Thrashing Crew Kept Busy After One Was Found Near Wakeeney, Kan.  
Wakeeney, Kan.—A thrashing crew working near this city killed 150 snakes in a few minutes near where they were working recently.

A large rattler was observed by one of the men lying in a low place at the mouth of a hole. He was pulled out and killed, and with him six more, and then others.

For more than a half hour the men worked hard killing snakes, and when there were no more in sight tails were counted and 150 had been killed. The largest one measured six feet four inches, and he had an even dozen rattles.

## Household Helps.

Often it is difficult to run the rod through freshly laundered sash curtains. This can be made easier by placing an old glove finger over the end of the curtain rod.

Often a comparatively new hot water bottle will get a little hole in it. The hole can be mended by covering it with several applications of court plaster, allowing each application to dry before another is added.

A teaspoonful of common salt placed in the bottom of a kerosene lamp will make it give a clear light and prevent it from smoking.—Woman's Magazine.

"Willie, did you see my new shaving brush?"  
"Yep. Mom is using it to paint the bird cage."—Columbia Jester.
